

County Executive's Report June 13, 2016

Correspondence #8, #14 & #19 are Budget Committee minutes and reflect the Budget Committee's work on the FY17 Budget. We also met tonight to complete our deliberations on the FY17 Budget with a vote to recommend the FY17 budget. Also, the June newsletter includes an article with additional information relating to the Fy17 budget. A public hearing and work session will be held on June 27th at 6:30 pm to discuss the recommended FY17 budget.

Correspondence #25 & #29 deal with the Roane County Jail inspection and re-inspection. Discussion of the purchasing the Dollar General store has been noted in the report and commission must continue to be aware and plan for this option to relieve overcrowding.

Correspondence #30 Public Chapter #1085 Delinquent Property Tax: This is a Roane County generated bill and we will begin working on the management of delinquent tax properties based on the provisions within the bill.

Delinquent Tax Property Analysis:

Three (3) areas of delinquent tax property management currently:

1. Clerk and Master: 57 parcels 2012 taxes
2. County Executive's Office: Arlene Daugherty: 14 parcels 2010 taxes
3. Purchasing: Carol Maines: 0 parcels

The new committee to manage properties obtained at a back tax sale will need to meet before the next commission meeting to make recommendations on the 14 properties and whether to transfer them to purchasing via surplus resolution in order to sell on GovDeals.
