

County Executive Report
July 10, 2017

2018 Budget

The 2018 Budget has been completed and is ready for consideration at tonight's meeting.

Firetrucks

Harriman accepted the County's offer to purchase their 1996 Spartan 457 Firetruck. The County will spend another \$15,000 to have it a serviceable asset.

Further, the county has also applied for two fire truck grants, if awarded, the county will have to appreciate \$70,000 to match.

Annual Meeting

The Department staff will be having our annual planning meeting in late August or September. If any of the Commissioners would like to have us focus on a particular program or issue, please let us know. We basically establish our annual focus topic on what we feel is important to work on. From this meeting the items often go to the committee.
