

County Executive's Report
December 11, 2017

The Sheriff's Department and I testified before the Tennessee Corrections Institute last week in order to request our jail to be recertified. The meeting was made up of the TCI Board of Control, TCI staff and representatives from the State Fire Marshall's office.

Our jail was recertified. We shared with the board our plan of action which consisted of:

- Appropriation of funds for property acquisition.
- A jail study committee
- Discussion with engineering firm Upland Design to design three pods.

It is the intent of the Executive's Office to brief the Jail Study Committee, and Budget Committee in January as the Property Committee has already been briefed.
