

County Executive's Report
June 12, 2018

- The Nuclear Regulatory Commission (NRC) held a series of public meeting on June 5th in Kingston regarding the proposed Small Modular Nuclear Reactor (SMR). The purpose of the meetings were to hear comments from the NRC and update the public on the permit process related to the environmental impact statement. The public comment period is still open in the event anyone would like to comment on the propose SMR at the former Clinch River Reactor Site.

- 2019 Budget work is nearing completion with a scheduled public hearing, budget committee and commission workshop for Tuesday, June 19, 2018 at 6:30. A copy of the proposed budget, and resolutions and detailed budget was handed out to the commission. The commissioners were ask to study the documents and call Connie or Executive Woody with any questions.
