

April 29, 2020

PRESS RELEASE

Today is April 29, 2020 and this is a 1:30 update. We have recently been informed that our barber shops, salons, and possibly other businesses will be able to open to the public on Wednesday, May 6th. We anticipate guidelines to be available for these businesses within the next few days. We will update everyone once we have more information.

God bless Roane County, our State, and our Nation!
