Good Things Happening in Roane County – Education Foundation Donation

Good things have happened in Roane County the past 12 months. With all the negative news we have heard over the last several months, I thought I would share a few good news items.

During the past 12 months, Roane County was donated three (3) pieces of property with the restriction to be sold and proceeds donated to the Roane County Schools Education Foundation.

The Roane County School Education Foundation's mission is to work collectively with Roane County Schools to provide a superior educational experience for students and teachers. Their goal is to raise community, private, and public awareness, support, and funding for programs beyond the established criteria for public education.

On July 28, 2020 we presented a \$42,350 check to the Foundation from the proceeds of three (3) properties. We want to thank the donators for these properties.

Information about the Education Foundation can be found at www.roaneschoolsfoundation.com.

Good things are happening in Roane County, and one of those is the work of the Roane County Education Foundation and grateful donors to the Foundations.
