

March 24, 2021

Press Release

Hello, this is Ron Woody, Roane County Executive, with a Wednesday, March 24th update. I have some good news to report today.

The first good news is Roane County has moved to another phase in age so, if you are 16 years of age or above you are now eligible to be vaccinated in Roane County. So, 16 years and above is good news, as we are getting more and more vaccinated every day.

The other good news is starting on Tuesdays; the Health Department will have extended hours to help vaccinate the public. The extended hours will run from 7 am to 7 pm on Tuesday only. You will need to have an appointment to go to the Health Department and any of our other providers to get vaccinated.

Go to the website <https://covid19.tn.gov/> and choose your provider and register. You can also call 866-442-5301 to register for a vaccine.

Again, good news if you are 16 years of age and above, you are eligible to get vaccinated in Roane County, as well as, extended hours at the Health Department to help vaccinate Roane Countians.

Thank you for tuning in. I hope to report some good news.
