General Information

Roane County

Natural beauty and recreation are part of the good life in Roane County. Located in the Tennessee Valley with a Great Smoky Mountains backdrop, we enjoy four true seasons, generally mild temperatures and miles of picturesque waterfront.

Roane County is home to inviting waterways, opportunities for adventure and relaxing getaways. Whether you live or vacation here, you'll enjoy fun family festivals, toe-tapping music, the beautiful Watts Bar Lake with its world-class fishing, history that changed our world and delightful historic towns.

Our History:

Since its creation in 1801, Roane County and its five unique, historic communities—Harriman, Kingston, Rockwood, Oak Ridge and Oliver Springs—have attracted visitors and commerce to a place filled with beauty and opportunities.

In the late 1700's, hunter Peter Avery was commissioned by the mother state of North Carolina to blaze a trail through the wilderness. The trail became known as the Avery Trace. Early settlers found rich pasture land surrounded by mountains and rivers in the area that is today Roane County. The Avery Trace, replaced by Interstate 40, makes Roane County easily accessible to many major metropolitan areas and within a day's drive to 75% of the U.S.

Kingston is the county seat, created after trading posts and inns grew up around Fort Southwest Point. By 1799, the Fort's garrison numbered over 400 men, becoming one of the most important military posts on the American frontier. Kingston is known for its scenic waterfront right in the center of town; the Historic Roane County Courthouse, one of only 7 antebellum courthouses in the state; and the location for the county's largest and longest-running festival – Smokin' the Water on July 4th.

Harriman was a planned community mapped out in a grid pattern at the end of 1890 known as the Town that Temperance built. The name came from a Union general in the Civil War who

observed that the location would make a remarkable town. Explore the Cornstalk Heights Historic District, with 100+ Victorian homes, many on the National Register of Historic Places, the restored art-deco Princess Theater, and Carnegie Library.

Rockwood was established around the Roane Iron Company, named after the company's first President. The company began in 1868, when a Union officer returned after the Civil War to begin a mining and milling operation, after discovering an abundance of iron on Walden Ridge. The Kingston Avenue Historic District still represents the architecture from this rich history. Rockwood also has begun developing its waterfront as a recreation hub, with a new campground and marina now being constructed.

Oak Ridge was founded in 1942 on remote farmland by the Army Corps of Engineers as an entity of Clinton Engineer Works, which became Oak Ridge National Laboratory. The Oak Ridge National Laboratory, located in Roane County, has become one of the nation's premier national laboratories on the cutting edge of technology. Recently, the Oak Ridge area of Roane County has become popular with "new nuclear" companies wanting to locate near the lab.

Oliver Springs was established in 1930, after a natural mineral spring began drawing visitors from near and far. Named after the town's first postmaster, the town is also known for the location of the movie "October Sky." Today, it is popular with visitors who come to venture up to Windrock Mountain to ride the trails and attend concerts.

Education:

Employing 1,000's of engineers, scientists and PhDs, the areas of Roane County, Oak Ridge and Knoxville focus on cutting-edge classroom technology to develop workforce-ready graduates. The Roane County school system is aligned with post-secondary opportunities designed to meet the growing demands of a workforce, closing the skills gap and continuing the 75-year legacy from our Manhattan Project-era facilities of having the most skilled workforce.

Roane County Schools operates five high schools: Harriman, Kingston, Midway, Oliver Springs and Rockwood; as well as a multitude of elementary and middle schools. In addition, Roane County has several private schools and post-secondary schools.

The Tennessee College of Applied Technology (TCAT) at Harriman provides technical skills instruction as part of the Tennessee Board of Regents' system of higher education. Working closely with Roane County Schools, there are a number of Career Technical Educational opportunities for Roane County's students.

Roane County students can earn associate degrees or complete two years towards bachelor's degrees at Roane State Community College, with its home campus located in Harriman and a multitude of branch campuses across East and Middle Tennessee. Harriman's campus is also home to the Henry/Stafford East Tennessee Agricultural Exposition Center, with agricultural events nearly every weekend; the O'Brien Theater, a performing arts theater; and the Tamke-Allan Observation and Environmental Center.

The Michael Dunn Center offers school services, vocational training, and 24-hour residential support for students with developmental disabilities.

The Education Matters program brings together educational institutions and Roane County businesses and industries to create workforce curriculum and provide students with hands-on experience. This relationship between the schools and industry has resulted in the growth of stronger school programs and increased community support.

Industrial Development:

With Tennessee's Innovation Corridor as the gateway to the Manhattan Project National Historical Park, Roane County's local infrastructure, strong economic climate and high quality of life make it an attractive choice for expansive opportunities. Situated within a day's drive of 75% of key U.S. markets, the county lies within a day's drive of two-thirds of the U.S. population.

In 2021-2022, Roane County's three Select TN Certified Sites sold, along with several other parcels. A newly constructed spec building, business expansion and new industry are making Roane County their new home.

Roane's transportation infrastructure is geared toward progressive commerce: two interstates (I-40 & I-75), two major U.S. highways – including US 1, the nation's first highway and Highway 27, Norfolk Southern main line, Rockwood Municipal Airport, and the Tennessee, Clinch and Emory Rivers with four river terminal facilities.

Enjoy Roane:

Explore more than 60 miles of hiking and biking trails. Satisfy your curiosity about what lies within Manhattan Project National Historical Park in the Secret City of Oak Ridge and learn how more than 75,000 people quietly assembled to create a workforce and a town that didn't appear on any map. Explore Tennessee's only colonial-era fort reconstructed on its original site overlooking the confluence of the Tennessee, Clinch, and Emory rivers. Roane County was also one of the five pilot communities on the Tennessee RiverLine, a multi-modal trail system similar to the Appalachian Trail on water.

Spend summer days paddleboarding or cruising on a pontoon on the 39,000-acre Watts Bar Lake that offers more than 700 miles of scenic shoreline. Enjoy events year-round, from fireworks to fire breathing, classic cars to classic films, and races of all kinds! Music can be heard many nights, from bluegrass to show tunes and singer/songwriters to local bands. Take a trip to any of our downtowns and spend time browsing through antiques and specialty shops, and enjoy old-fashioned soda fountains.

Relax where New England architecture meets East Tennessee natural beauty at the peaceful Whitestone Inn, a sanctuary for the soul. Camp on the water's edge at Riley Creek Campground, Caney Creek RV Resort or Soaring Eagle Campground. Rent a private lakeside cabin or home.

Conclusion:

So much to offer - beautiful scenery, accessibility to major metropolitan areas and the Great Smoky Mountains National Park, fascinating history, compelling science and technology, small town way of life, low crime statistics, low tax structure and more lake miles than any other area in East

Tennessee. To learn more about Roane County and what there is to do visit RoaneAlliance.org and VisitRoane.com or call 865-376-2093.

OPERATIONAL LAWS				

SECTION 2. BE IT FURTHER RESOLVED, Roane County, Tennessee operates under the County Budgeting Law of 1957, County Purchasing Law of 1957 and County Fiscal Procedure Law of 1957. These financial acts were adopted at the March, 1973 Roane County Quarterly Court meeting as agenda items #8, #9 and #10 respectively, and were amended at the June, 1973 meeting with resolution #14. The Roane County Board of Education has not been officially approved for inclusion into the 1957 Act; however, they operate as included except for their payroll function. The school purchasing is handled under the Roane County Private Act of 1933 which makes the County Executive the Purchasing Agent.

SECTION 3. BE IT FURTHER RESOLVED that the Fiscal Year 2023 Budget has been developed in consideration of the following financial policies:

a) Resolution 04-11-32 established the Fund Balance Policy and Resolution 07-12-07 revised the policy; in addition, the School Board Policy 4.38 sets forth their requirements. For Fiscal Year 2022 the County Budget is in compliance with our fund balance policy in the General Fund, (101) and General-Purpose School Fund (141).

- b) Resolution 05-17-12 amended the Capital Projects Policy that was established on 03-11-22.
- c) Resolution 03-11-23 established the Debt Management Policy and Resolution 07-12-08 revised the Policy.
- d) Resolution 01-13-06 established the Donation Acceptance Policy for State and Federal Personal Property.
- e) Resolution 03-19-05 revised resolution #07-13-10 section #3 the Donation Acceptance Policy for Non-State or Federal donations.
- f) Resolution 01-13-07 established the Vehicle Procurement Policy.
- g) Roane County's Spending Prioritization Policy is as follows; for the General Fund funds, will be spent in the following order; restricted, committed, assigned and finally unassigned. For all special revenue funds, debt funds, capital project funds, trust and agency funds, funds will be spent in the following order, unassigned, assigned, committed and finally restricted.
- h) Resolution 02-17-10 establishes the annual Budget Calendar as follows:

BUDGET CALENDAR

By Feb 1	Budget Forms will be distributed to departments
By March (by the First Friday)	All (except Schools) will be submitted to the Accounting Department
During May	The Budget Committee shall review all county budget requests
By June 1	The School Department shall submit their budget to the Budget Committee
During June	The Budget Committee shall continue to review the budget and meet the public hearing requirements set forth in the 1957 Budgeting Act. At this time, all resolutions shall be prepared to meet the filing date for the July Commission meeting.
2 nd Monday in July	County Commission shall consider adoption of the County Budget
By June 30 st Budget adopted.	County Commission should desire to have the Annual

If the budget is not adopted by the 2nd Monday in September, then:

SECTION 16. of Public Chapter No. 1080, Tennessee Code Annotated, Section 5-21-111, is amended by adding the following language as a new subsection: If the county legislative body and the county school board fail to agree upon a budget for the county department of education by August 31 of any year, then, by operation of law, the budget for the county department of education shall be equal to the minimum budget required to comply with the local match and maintenance of effort provisions of the BEP. However, if for three (3) consecutive years, the county legislative body and school board fail to agree upon a budget and the department of education receives the minimum required funding for that fiscal year by operation of law, then, the budget in the third year shall include a mandatory increase that is equivalent to three percent (3%) of the required funding from local sources for schools; provided however, this increase shall not be required if during any of those three (3) years the school board failed to submit its budget proposals in accordance with a calendar adopted pursuant to § 5-21-11 O(a) or the timeline provided in § 5-21-11 O(e).

SECTION 4. BE IT FURTHER RESOLVED, that the following commitments have been created for more efficient and effective cash management of County funds by means of inhibiting use of tax/revenue anticipation notes and securing long term investments.

Commitments:

101 General Fund	500,000
118 Ambulance Fund	400,000
151 General Debt Service Fund	500,000
264 Employee Dental Insurance	200,000

This fiscal year we are only reflecting the dental insurance operations.

At the end of each Fiscal Year each of the commitments may not be below the initial amount committed unless dissolved.

SECTION 5. BE IT FURTHER RESOLVED, that the portions of commissions and fees for collecting taxes and licenses and for the administering of Deeds, Clerk & Master, and Circuit Court Clerk, who is also the General Sessions Court Clerk and their officially authorized Deputies and assistants, may severally be entitled to receive under State Law heretofore or hereafter enacted shall be turned over to the County Trustee's Office, each month, and converted into revenue for the General Fund (101), as provided by law. Expenditures for all salaries and operating expenses for the offices of the County Trustee, County Clerk, Circuit Court Clerk, Sessions Court Clerk, Clerk & Master and the Register of Deeds may be made for such purposes and in such amounts as may be authorized by existing law or by valid order of any Court having power to make such authorization and may be paid by the Central Accounting Office from the General Fund (101) provided by this Resolution.

SECTION 6. BE IT FURTHER RESOLVED, that if the need shall arise, the Accounting Department with a written request from the Department Head or Elected Official and with written approval from the County Executive may transfer any amount from any item of appropriation to any other item of appropriation within the same function, with the exception of salary or benefit

lines as per TCA 5-9-407 (c) (1). Salary and Benefits within same function shall be approved by the Budget Committee. Transfers within the school budget shall be approved by the School Board. Be it further provided that a record of every such transfer is provided to the Budget Committee at a subsequent Budget Committee Meeting, and that any such transfer shall be authorized by written minutes of meeting(s) of the Budget Committee. One copy of the authorization reflected in said minutes shall be filed with the County Clerk, one copy with the Chairman of the Budget Committee, and one with the Accounting Department. Be it further provided that any transfers involving benefit lines (excluding schools) shall be approved by the Budget Committee. Be it further provided that only the Roane County Legislative Body as a whole shall give approval for transfer to or from any line items and between functions or between funds. A detailed printout "Revenue Estimate and Appropriation Requests" is adopted by reference for line-item details.

SECTION 7. BE IT FURTHER RESOLVED, in event of an emergency or crisis, should it become necessary, the Fiscal Agent is hereby authorized to borrow money from other County Funds (if sufficient funds are available) on tax/revenue anticipation notes, provided such notes are first approved by the Director of Local Finance to pay the expenses herein authorized until the taxes and other revenue for the Fiscal Year ending June 30, 2023 have been collected. The proceeds of loans for each individual fund shall not exceed 60% of the appropriations of each individual fund and shall be used only to pay the expenses and other requirements of the fund for which the money is borrowed. The notes evidencing the loans authorized under this section shall be issued under the applicable section of Title 9, Chapter 21 of the TCA. Said notes shall be signed by the County Executive and County Clerk and mature and be paid in full without renewal no later than the end of the current fiscal year June 30, 2023. The Fiscal Agent is hereby further authorized to postpone major expenditures during the first six (6) months of the fiscal year to improve cash flow or limit the need to borrow from other funds or on tax/revenue anticipation notes.

SECTION 8. BE IT FURTHER RESOLVED, that the County Executive shall make or have made a report at the end of each month showing the condition of the budget. Said reports shall show for each item of appropriation the amount of appropriation, the amount of expenditures, the amount of encumbrances, and the amount of unexpended and unencumbered balance. It also shall show for each fund an itemized statement of the revenues and receipts estimated for the year compared with collections to the end of the month and show the amounts that are still expected to be collected. The most recent such report shall be presented to each regular session of the Legislative Body. In the report to the Legislative Body, the County Executive shall advise the Legislative Body of the condition of the budget and of any reduction of appropriation or expenditures which shall be made, and shall recommend any other action which the Legislative Body shall take in order that the budget may be kept in balance.

SECTION 9. BE IT FURTHER RESOLVED, that all delinquent County property tax, including interest and penalty collected by the County Trustee shall be prorated and apportioned based on the (outside) tax rate in place at the time of the original tax levy. Delinquent County property tax including interest and penalty collected by the Clerk & Master shall be prorated and apportioned based on the (outside) tax rate during fiscal year 2020-2021.

SECTION 10. BE IT FURTHER RESOLVED, that Resolution #05-20-02 (as amended) states that the County Executive be authorized to negotiate with the cities contract for reappraisal services

for the five-year reappraisal cycle to be completed in 2025, with the cities' share of the local costs of the said reappraisal to be \$5.00 (\$1,00/year) per city parcel, to be billed on the same billing schedule as the 2020 reappraisal, and

SECTION 11. BE IT FURTHER RESOLVED, within the budget for the Highway Fund (131) approximately \$1,457,000 is anticipated to be produced by the local tax levy. The taxes received shall be transferred to the Roane County Alliance designated for Tourism. Any County contributions above the Hotel/Motel Tax revenue shall be considered to be from property tax revenue.

SECTION 18. BE IT FURTHER RESOLVED, Roane County shall make annual contributions to the Roane Alliance, (Industrial Development Board), which shall be at minimum the amount to meet T.C.A 6-58-114(g)(1) requirements, provide that the following conditions are met every year:

- 1. The Alliance shall maintain accounting records in accordance with Generally Accepted Accounting Principles (GAAP).
- 2. The Alliance shall have performed an annual independent audit of its accounting records and financial statements.
- 3. The Alliance shall adopt and comply with written purchasing procedures.
- 4. The Alliance shall adopt each year objective performance measures for itself and its employees.
- 5. The Alliance shall provide open access for all of the above conditions to the County Executive, Director of Accounts & Budgets, or their respective designee.

SECTION 19. BE IT FURTHER RESOLVED, that appropriations from each fund are made contingent on available revenues and fund balances. If the fund balance and estimated revenues are less than the aggregate amount herein appropriated from such fund, then expenditures herein authorized shall be reduced so as not to exceed such amount.

SECTION 20. BE IT FURTHER RESOLVED, that any appropriation made by this resolution which covers the same purpose for which a specific appropriation is made, is made in lieu of, but not in addition to, said statutory appropriation. The salary, wages, or remuneration of each officer, employee, or agent of the County shall not be in excess of the amount authorized by existing state law or as set forth in the estimate of expenditures, which accompanies this resolution and shall not be expended for any other purpose but provisions for such salaries, by any Department, Agency or Division of the County. Such appropriation shall constitute the limit to the expenditures of any Department, Agency or Division for the year ending June 30, 2023. The aggregate expenditures or encumbrances for any item shall in no instance be more than the amount herein appropriated for such item.

SECTION 21. BE IT FURTHER RESOLVED, that any resolution which may hereafter be presented to the Roane County Legislative Body providing for appropriations in addition to those made by the budget appropriations resolution shall specifically provide, during the fiscal year in which the expenditure is to be made, funds to meet such additional appropriations either in additional revenue or fund balance.

SECTION 22. BE IT FURTHER RESOLVED, all unencumbered balances of appropriations remaining at the end of the fiscal year shall lapse and be of no further force and effect with the exceptions in the Capital Project Fund which may be specified by project.

SECTION 23. BE IT FURTHER RESOLVED, in accordance with TCA 5-9-101 (23) the County Legislative Body may appropriate money as follows: "to non-profit volunteer fire departments or to non-profit Countywide fire department authorized by TCA 5-17-101, upon such terms as may be agreed to by the County Legislative Body." Any and all appropriations made to the Volunteer Fire Departments shall not be distributed unless all reporting requirements set forth by the Fire Board have been met, and said requests are made within the same fiscal year as the appropriations are made. No payments shall be made to any Volunteer Fire Departments after said appropriations have lapsed as of the end of the fiscal year.

Funds

Roane County has twenty-one active funds. We have two (2) general funds (one each for county government and county school system) along with ten (10) special revenue funds, one (1) debt service funds, three (3) capital funds, one (1) enterprise fund, two (2) internal service funds and three (3) Custodial funds

General 101

The General Fund is the main operating fund of Roane County Government. This fund contains the operating budgets for the Courthouse, Sheriff, Jail, and Health Departments. The property tax associated with this fund is a countywide tax.

FUND 101

Introduction

The General Fund of a county is a fund accounting structure that captures relative revenue and expenditures of a government which is not required, mandated or allowed and approved by the county legislative body to be accounted for in a separate fund accounting structure. Examples would be Special Revenue Funds due to legislation restricted revenue such as a Highway Fund to account for Gasoline Tax revenue. County debt shall be paid for out of a special revenue fund called a debt service fund. Operation of the county court systems, sheriff and jail along with other courthouse officials are not allowed to be accounted for in a separate fund thus are only departments within the general fund. The general fund is thus a catch all accounting structure for all departments that are not required or allowed to be accounted for separately.

Revenues fall into one (1) of four (4) main classifications:

- Local Taxes
- Fines and Fees for Services
- State Revenue
- Federal Revenue

Revenue

The General Fund of Roane County has a total revenue budget for FY2023 of \$19,366,846. This revenue comes from several different sources which can be broken down into four (4) main sources: Local Taxes, Fines and Fees for Service, State Revenues (including grants), and Federal Government (including grants).

LOCAL TAXES (40000's)

County Property Taxes (40100's)

A large source of revenue for Roane County's General Fund is property tax. This tax is established with a tax rate resolution which is recommended by the Budget Committee and is passed by the full County Commission each year between June and October. The tax rate is subject to change depending on the needs and financial stability of each of the components of the county. There are 74 pennies of property tax allocated to the General Fund. Of the 2.40 pennies levied for property tax this accounts for 31.11% of the total levy.

Certain entities do not pay property tax but instead, pay an "in lieu of tax" payment. The largest of which is the Tennessee Valley Authority (TVA). These payments are to offset the property tax revenue that would have been received had TVA been a taxable entity as opposed to a federal corporation. The TVA in lieu of payment has three components; direct pay to counties (smallest amount), construction impact payments (related to local construction projects by TVA), and state revenue sharing (largest portion). The direct payments come directly from TVA as in lieu of tax payment. The other two payments come from the State of Tennessee and will be detailed later in this narrative.

There are four (4) Municipal Utilities (gas and electricity) who pay an in lieu of tax to the county. Two of these are received into the general fund of the county (Clinton and Oak Ridge); the other two are received into the general fund of the schools (Rockwood and Harriman).

There are two (2) industries currently under agreement with the county and the industrial development board to pay an in lieu of tax. The amount and duration of these agreements are based on a matrix that is reviewed and voted upon by the County Legislative Body.

The county property tax section provides for approximately \$10,907,335 or 56.32% of budgeted revenue for the General Fund.

Local Option Taxes (40200's)

Roane County has a Hotel/Motel tax of 5% of the cost of lodging for all hotels within the county as established with the Private Act of 1992 Chapter 166. The city of Harriman also has a Hotel/Motel tax rate in addition to that levied by the county.

Other local option taxes that are received are litigation taxes provided by the users of the court system. There are currently three (3) litigation taxes that are collected by the clerks of the courts. The first is a local litigation tax equivalent to the state levied litigation tax that ranges from \$23.75 for civil cases to \$29.50 or \$35.50 for criminal cases. The second litigation tax was established under TCA 16-15-5006 to raise sufficient revenue to fund the salaries of the general session judges based on a baseline cost at year 1990. This litigation is currently \$61 per case, but is reviewed on an annual basis to ensure that it covers additional expenses related to the judge's salaries and benefits. The third litigation tax is levied on civil and criminal cases to support capital construction and upkeep of the jail and courthouse. This litigation tax is capped at \$50 per case. A large portion of the projects that are funded with this money are captured in the 171 General

Capital Projects Fund. Each year a portion of this money is eligible to be transferred over to the Capital Projects Fund to support projects related to the Courthouse or Jail Maintenance. At this time there are no excess funds available to transfer to the Capital but \$1,000,000 of the Unassigned Fund Balance has been budgeted to transfer to the General Debt Service Fund to help in building a balance for future building projects that would require debt issuance.

Business tax is collected based on a percentage of gross receipts dependent on the classification of the business, and is adjusted for different credits, exemptions and deductions. See TCA 67-4-711 through 713. The business tax is reported and receipted in good faith to the State of Tennessee by each of the businesses. Of the total revenue received the first \$7 goes to the County Clerk. The next 57% of the revenue goes to the county, less an administrative fee. The remaining 43% stays with the state.

These local option taxes are budgeted to bring in approximately \$1,493,500 or 7.72% of budgeted revenue for the General Fund.

Statutory Local Taxes (40300's)

There is a bank excise tax that is a state tax on the net earnings of all state and national banks doing business within the county. This tax is set at 6.5% of net earnings. Of this amount, 3%, less a small portion, is allocated between the county and the municipality (if applicable) where the business is located.

Wholesale beer tax is a tax of 17% of the wholesale price of beer and similar alcoholic beverages that contain less than 5% alcohol by volume, with the exception of wine. This tax is paid monthly by the distributors within the county.

The statutory local taxes are budgeted to bring in approximately \$325,000 or 1.68% of budgeted revenue for the General Fund.

LICENSES AND PERMITS (41000's)

Licenses (41100's)

A cable franchise fee of 5% of gross revenues is assessed on providers of cable or video service within the county. This is received from three companies currently, Comcast, AT&T and BellSouth. This fee is received quarterly.

The licenses are budgeted to bring in approximately \$315,000 or 1.62% of budgeted revenue for the General Fund.

Permits (41500's)

Beer Permit is a privilege tax of \$100 paid by any business that is involved in the manufacturing, distribution or sales of beer outside of any municipality.

Building permit fees are received in the Codes and Zoning Office. This is a fee that is assessed when renovations or new construction is to be undertaken, with certain exceptions. These fees are based on the value of the improvement to the building or facility.

Permits are budgeted to bring in approximately \$767,500 or 3.96% of budgeted revenue for the General Fund.

<u>COURT FINES AND FEES – AS APPLICABLE TO CIRCUIT, SESSIONS, JUVENILE AND CHANCERY COURT (42000's)</u>

Circuit Court fines and fees are collected and held by the Circuit Court Clerk. On a monthly basis, generally by the middle of the following month, all revenue is turned over to the County Trustee for inclusion into the financial records of the county. The Sessions Court Clerk, who is also the Circuit Court Clerk, holds the fines and fees collected for the Sessions Court and Juvenile Court and will turn them over to the County Trustee on a monthly basis. The Clerk & Master holds the fines and fees for Chancery Court and turns them over to the County Trustee on a monthly basis.

Fines are assessed in Circuit, Sessions and Juvenile courts. Fines are determined by the courts, in accordance with TCA, as a punishment for an offense. These fines are assessed by the judges and are payable to the respective clerk. That clerk will then on a monthly basis turn over all local fines that have been paid.

Certain fees are assessed for each case that is brought before the court. These include a jail fee, a data entry fee and a courtroom security fee. The data processing fee is assessed at \$4 per case and is restricted for use to supply data processing equipment and services.

Fines and Fees generated by the Courts which fall under these parameters are budgeted to bring in approximately \$118,700 or .61% of budgeted revenue for the General Fund.

CHARGES FOR CURRENT SERVICE (43000's)

The Roane County Park System has sheds and a cottage that can be rented out for an hourly rate of \$10. There is a reservation system in place to reserve the location of your choosing. Additionally, the county runs Riley Creek Campground. Campers can stay for a night, a month or the entire camping season. There is a nightly rate of \$40 and a monthly rate of \$460. In the beginning and end of the season, depending on availability there may be reduced fees for camping.

Copy Fees are assessed by each office for copies of public records that are requested by citizens of the State. A charge of 15-77 cents per page, plus labor was established by the Office of Open Records Council, a position within the Comptroller of the Treasury's office.

Archive and Records Management Fee is assessed by the County Clerk for documents filed in the County Court Clerk's office. This is a \$2 fee per document filed, and it is earmarked for storage and maintenance of the records. The County Clerk also charges a \$2 data processing fee per transaction in her office.

Telephone Commissions are collected by the Sheriff's Department and turned over to the County Trustee on a monthly basis.

The Register of Deeds and Sheriff charge a \$2 per document data processing fee for all documents filed in the office (Deeds) or in the courts (Sheriff).

Probation fees are supplied by the private company providing probation services in Roane County.

All of these fees are budgeted to bring in approximately \$354,000.

County Offices may charge tuition when a class is being offered to and attended by the general public. Recently classes on new international codes and building requirements were offered.

Roane County Schools pay a portion of the expense to have school resource officers. This is revenue to the General Fund to offset the expense. Currently, the schools pay \$564,091 of the related expense for the school resource officers (only \$310,633 was budgeted due to the uncertainty of approving 5 additional SROs). This is about 70% of the cost to have School Resource Officers, excluding vehicle costs. In addition, the individual schools pay to have the School Resource Officers on site for after school sporting events. During this budget approval, the schools have agreed to pay up to 5% of indirect costs that would offset the cost of new equipment for the officers in the Sheriff's budget.

These charges for current services are budgeted to bring in approximately \$697,585 or 3.41% of the revenue for the General Fund.

OTHER LOCAL REVENUES (44000's)

Roane County leases space to a few different organizations/entities. The State of TN rents space for their employee who is responsible for septic permits and drawings. A bail bondsman rents land for a facility near the courthouse.

Sale of Materials is the category used for items that are not equipment that are sold on the govdeals website by the purchasing department. Items over \$300 in value are surplused by resolution of the County Legislative Body.

Commissary sales are revenue sharing from the purchases made by inmates from the commissary at the jail. The vendor mails a check directly to the county for a portion of their revenue.

Commodity rebates are received from food vendors based on bulk orders and may be a result of contractual agreements. This fund receives one rebate and it is from Pillsbury.

Sale of Equipment is revenue received for equipment, excluding vehicles that are sold on the govdeals website. When a vehicle is sold the revenue received goes into the Capital Fund Vehicle Sub fund.

Roane County has a category of revenue which is called "other local revenues." These are revenues that are generated locally; however, they do not fit into any other descriptive account code. The sale of Geographical Information Systems (GIS) maps created in the GIS is one of these.

These Other Local Revenues are budgeted to bring in approximately \$67,500 or .34% of budgeted revenue for the General Fund.

FEES IN LIEU OF SALARY (45000's)

Seven (7) of the elected officials are considered "fee offices". These are offices which the general public will pay remuneration to for services they have provided. These fee offices are: County Clerk, Circuit Court Clerk, General Sessions Court Clerk, Clerk & Master, Register of Deeds, Sheriff and Trustee. Each of these offices on a monthly basis turn over their fees in lieu of salary in addition to any other fees, fines or additional revenues they have collected over the prior month. These fees are turned in to the County Trustee.

Fees in lieu of salary are budgeted to bring in approximately \$3,101,000 or 16% of budgeted revenue for the General Fund.

STATE OF TENNESSEE (46000's)

The County receives a Juvenile Services Grant for \$9,000 each year; this grant is a reimbursable grant that is used to support Juvenile Court Officers.

There is a law enforcement educational supplement of \$600 for each POST certified officer. This is a recurring annual supplement from the state.

There is no income tax in the State of Tennessee, except for income derived from stocks and bonds as defined in TCA 67-2-101. This tax gets split between the state and the county or municipality where the taxpayer lives. This Hall Income Tax is received on an annual basis but by next year will be dissolved and no longer paid to the county.

Beer Tax is a state levied tax. This is a tax on alcoholic beverages that contain less than 5% alcohol by weight. Beer Tax is \$4.29 per barrel. See T.C.A 57-5-201.

Alcoholic Beverage Tax is another state levied tax. This tax covers alcoholic beverages that contain more than 5% alcohol by weight. 17.5% of this tax collected goes toward counties. It is distributed based on a calculation that includes population and area.

Mixed Drink Tax is a 15% tax on the sales price of alcoholic beverages sold that are to be consumed on premises. Of the total tax collected, ¼ is distributed to the General Fund of the county.

TVA gives the State of Tennessee a lump sum, and the state has set out a formula for distributing this revenue to local governments. In the state revenue sharing portion, the remaining revenue received by the county, each county's share of the revenue is based on their percent of the state population, a percent of state land and on the percent of TVA acreage in TN.

For the TVA construction impact payments, a small portion of TVA funds are allocated for counties that have TVA construction project impacting their areas. These are determined by TVA and last for one fiscal year after the completion of construction.

The State of Tennessee regularly houses state inmates in county jails. To offset some of this expense, the state pays \$37 per day, per eligible inmate kept in county custody. The requirements for eligibility are set forth by the Tennessee Department of Corrections and TCA 41-8-106.

The revenue that is coded as a registrar's salary supplement is received by the county for the Administrator of Elections.

The State of Tennessee offers several grants to the counties. Some of them are competitive grants, some are recurring grants, and some are one-time grants. Roane County receives nine (9) grants currently.

Child Support (CHILD) - Awarded from the Tennessee Department of Human Services. This is a matching grant which funds a portion of an officer's salary and the needed supplies to serve child support warrants. (\$36,000)

Health Department Grant (DGA) – This grant is to support the expenditures related to the salaries, benefits and other associated expenses related to the operation of a county health department (\$353,845). As the funds are received in from the State, we post all funds to 46980-DGA. It is not until after year end closing that we are able to review a report from the department of Revenue that will show how much of the funding came from the Federal Government.

An Emergency Management Performance Grant (EMPG) from TEMA covers a portion of the salary and benefits of one position within the Office of Emergency Services. This grant is received in a lump sum amount in the fiscal year after it is earned. (\$43,500)

Governor's Highway Safety Program (HIDTA) - Awarded from Tennessee Department of Transportation to raise awareness of road hazards, including alcohol and drugs has not been budgeted at the time of this report.

A portion of the sales tax that is collected by the state is put into a county revenue partnership fund which was established by Public Chapter No. 1057 of 2008. This fund is given to the counties based on a calculation of their percentage of the population on a monthly basis.

Total revenue from the State of Tennessee is budgeted to bring in approximately \$1,684,220 or 8.69% of budgeted revenue for the General Fund.

FEDERAL GOVERNMENT (47000's)

The county receives three (3) federal grants. The first if from the Department of Energy for Civil Defense Reimbursement.

The second and third grants are from the Department of Justice (JAG) that are reimbursements for the Public Defender's Office and Social Worker Program.

Bullet Proof Vests (VEST) -Awarded from the Department of Justice. This grant reimburses 50% the costs of vests worn by officers. Current budget is \$15,826 in the 54110-431-VEST line of the Sheriff's function. The revenue will be amended if that line is used.

Total revenue from the Federal Government is budgeted to bring in approximately \$204,506 or 1.06% of budgeted revenue for the General Fund.

OTHER GOVERNMENT & CITIZEN GROUPS (48000's)

There is an expense related to the property assessment and valuation services performed by the property assessor. There is a formula based on the assessed property value as a percentage multiplied by the contracted cost of property assessments performed. An equal percentage is charged to each of the cities. Once this is received from each of the cities, it is receipted as revenue. This funding has been budgeted at 43190 – Other General Service Charges, therefore an amendment will have to be made to place them in this category.

OTHER SOURCES Non-Revenue (49000's)

There are two other sources of money inflow that are received which are not considered revenue. One of these is insurance recovery. This is money the county receives when a piece of insured equipment, vehicle or property belonging to the General Fund receives an insurance payment for damages. If a vehicle is totaled, then that insurance recovery would belong in the General Capital Projects Fund (171) sub fund VEH.

Expenditures General Fund 101

Expenditures for the County follow the Chart of Accounts as set forth by the General Assembly and the Comptroller of the Treasury of Tennessee. These expenditures are broken down into Description Accounts (categories) and further broken down into functions (departments). It is the intent of this document not only to provide financial data relevant to each of the departments, but also to provide a narrative description of the operations of each segment. The General Fund encompasses all of the departments that do not fit into any special revenue funds. The General Fund contains large offices such as the Sheriff's Department, Jail, Court System, and Health Department. It also has small operations such as the Veteran's Service Office, Nonprofit Contributions, and Commission and its associated committees.

County Commission – 51100

County Commission is made up of 15 elected officials representing the different districts of the county based on population. There are seven (7) districts that are represented in the County Legislative Body. Commissioners are elected to a four-year term. All commission seats were set in the August 2018 election.

District 1 – Rockwood area has three (3) commissioners

District 2 – Harriman area has three (3) commissioners

District 3 – Dyllis area has one (1) commissioner

District 4 – Oak Ridge & Oliver Springs area has two (2) commissioners

District 5 – East Roane County area has one (1) commissioner

District 6 – Kingston area has three (3) commissioners

District 7 – South of the River area has two (2) commissioners

County Commission meets once a month on the 2nd Monday of the month, unless it is a holiday. The County Commission agenda is set by the Chairman, who is a member of the County Commission elected to serve as Chair by the members of the body. In addition, the Chairman conducts the meeting. The County Clerk is the secretary of the commission, takes roll call, records votes, and other business of the meeting. The commissioners are paid on a per meeting basis which is detailed in the appropriation resolution.

The total appropriation for County Commission is \$209,850. Of this, 89.6% (188,150) is for salaries and benefits while the remainder is for operations.

Board of Equalization – 51210

The total appropriation for the Board of Equalization is \$15,800. Of this, 96.2% (15,200) is for salaries and benefits while the remainder is for operations.

Beer Board - 51220

The Beer Board is one of the statutory committees required in the State of Tennessee. If no Beer Board is established their duties must then be performed by the County Commission. The Beer Board is established to administer laws for the sale of beer and other alcoholic beverages with less than 5% alcohol by weight, except wine. There are five (5) members of the Beer Board, and each of them serves on County Commission. The Beer Board meets as applications are made. The Deputy County Clerk is the secretary of the Beer Board.

The total appropriation for Beer Board is \$5,638. Of this, 96.4% (5,438) is for salaries and benefits while the remainder is for operations.

Budget and Finance Committee – 51230

The Budget Committee is another statutory committee required in the State of Tennessee. The County operates under the County Budgeting Law of 1957 which established the Budget Committee, the committee makeup, and duties. The Budget Committee is made up of four (4) commissioners and the County Executive. The Director of Accounts and Budgets is the secretary per TCA 5-12-104. The County Executive is the Chairman per TCA 5-12-104. The Budget Committee generally meets on a monthly basis prior to the commission meeting. The Budget Committee will review and recommend or not recommend resolutions that have to do with revenues or appropriations. In addition to the monthly meetings, the Budget Committee beginning in early spring will start working on the following year's budget. The Budget Committee will meet frequently until the full budget has been reviewed and recommended to the full commission.

The total appropriation for the Budget and Finance Committee is \$13,495. Of this, 91.8% (\$12,395) is for salaries and benefits while the remainder is for operations.

Other Boards and Committees – 51240

The County Commission can establish any number of recommending committees to discuss county business. Some of these boards are statutory, however they need not be required by law, but may instead be created for the purpose of discussing specific department business.

These include; Agriculture Extension Committee (49-50-104), Animal Control Committee, Audit Committee, Back Tax Committee, Codes Review Committee, Cable TV Committee, Committee on Committees, Courthouse Security Committee, OES Committee, Ethics Committee, Fire Board, In-Lieu-Of Tax Committee, Industrial Liaison Committee, Legislative Committee, Personnel Committee, Property Committee, Public Records Committee (10-7-401), Road Committee, Safety Committee, School Liaison Committee, Sheriff's Liaison Committee, Solid Waste Committee, Sports Recreation Committee, Tourism Committee and Wastewater Committee.

The total appropriation for Other Boards and Committees is \$43,355. Of this, 99.8% is for salaries and benefits while the remainder is for operations.

County Executive – 51300

The County Executive's Office consists of four (4) employees; the Elected Official, Executive Assistant, Grant Administrative Assistant, and Office Assistant. The County Executive's Office is responsible for the fiscal affairs of the entire county's approximately \$107 million operating budget. Primarily the office deals with fiscal policy for overall operations, related debt management, capital investments, and appropriate fund balance ranges for each of the funds in use by the county. County Executive's staff also schedules and maintains the committee meeting schedule and board meeting schedules for ancillary groups. The office is responsible for applying for and administering grants.

By statute, the County Executive is a member of several boards which have local, state, and regional responsibilities. These boards include, but are not limited to: East Tennessee Human Resource Agency, East Tennessee Development District, Association of Tennessee Valley Governments, Community Reuse Organization of East Tennessee, Oak Ridge Reservation Community Alliance, Cumberland Regional Business, and Marketing Authority. Additionally, the County Executive is the Chairman of the Budget Committee, attends the County Commission meetings, and regularly attends assorted committee meetings.

The total appropriation for County Mayor/Executive is \$352,389. Of this 96.4% (340,029) is for salaries and benefits while the remainder is for operations.

County Attorney – 51400

The County Attorney is an elected position.

The total appropriation for County Attorney is \$142,864. Of this 93.7% (\$133,864) is for salaries and benefits while the remainder is for operations. The Attorney's salary is based on 60% of the General Sessions Judges' Salary.

Election Commission – 51500

The Administrator of Elections is an appointed position selected by the Election Commission.

The total appropriation for Election Commission is \$458,663. Of this 86.1% (\$395,293) is for salaries and benefits while the remainder is for operations. This budget year we have two Major Elections. Of the \$395,293 there is \$110,000 budgeted for Election Workers' salaries.

Register of Deeds – 51600

The Register of Deeds is an elected position.

The total appropriation for the Register of Deeds is \$370,131. Of this 84.7% (\$313,531) is for salaries and benefits while the remainder is for operations.

<u>Planning – 51720</u>

This function falls under the responsibilities of the County Executive. The operation of the Planning Department is handled by the Zoning Officer. This department has a contract with the East Tennessee Development District for planning support. Responsibilities of the Zoning Officer include; management of zoning regulations, secretary for the County Planning Commission, and overseeing subdivision plat approvals. The Zoning Officer also provides administrative support for the Board of Zoning Appeals, Redistricting Committee, and the Growth Committee. The Zoning Office is located at 308 N. 3rd Street in Kingston.

Zoning regulations and the County Zoning Map were adopted by the County Commission on May 4, 1990; since that time over 60 amendments have been made to the original regulations including a major overhaul of the regulations and maps. In October 2003, the county contracted with Tennessee Ground Water Protection Office to provide office space and administrative assistance for the operations of the state office. The opportunity will arise in the future for this to come under the umbrella of county operations.

The total appropriation for Planning is \$97,839. Of this 63.9% (\$62,559) is for salaries and benefits while the remainder is for operations.

Codes Compliance – 51750

This function falls under the responsibilities of the County Executive. Codes Compliance consists of the county's Building Codes Enforcement Program along with Flood Plain Management. Responsibilities of the Codes Office include residential, commercial, and industrial building codes enforcement. The Codes Enforcement Office is located at 308 N. Third St.

There is a Director of Codes Enforcement who oversees a staff of three (6) full-time employees consisting of three (3) Building Inspectors (2) Administrative Assistants and one (1) Nuisance Officer.

Office staff responsibilities include: accepting applications, maintaining the database, accepting payments, and making deposits to the state, issuing permits after state approval. Permit building code enforcement began in November of 2001. Building codes inspections now include building, plumbing, and mechanical for all residential, commercial, and industrial structures.

Codes Compliance – 51750 (cont.)

Codes Adopted include:

- 2012 IRC
- 2012 IBC
- 2012 IPC
- 2012 IMC
- 2012 IECC
- 2012 IEBC
- 2010 ADA Standards
- NFPA 101

Codes compliance also includes management of floodplain permits. Permits are required to ensure that proposed development projects meet the requirements of the NFIP and local ordinances. Once a person applies for a permit, the county can review the plans and try to ensure the project complies. The NFIP requirements are keyed to "development" in the floodplain. Development means any man-made change to improved or unimproved real estate. This includes, but is not limited to: construction of new structures, modifications or improvements to existing structures, excavation, filling, paving, drilling, driving of piles, mining, dredging, land clearing, grading, and permanent storage of materials and/or equipment.

Pursuant to the terms of T.C.A. 40-35-303(k), on January 1, 2009, Roane County entered into a contract with the City of Oliver Springs to provide the services of Building Codes and Zoning enforcement for the city. The City of Kingston has also contracted with Roane County for building enforcement services.

The total appropriation for Codes Compliance is \$516,400. Of this 73.6% (\$380,350) is for salaries and benefits while the remainder is for operations.

Geographic Information System (GIS)-51760

This function was separated from the Planning Department to stand alone as a function that is responsible for Roane County's mapping program. This department is vital to planning, zoning, and the Property Assessor's office.

The total appropriation for GIS is \$129,878. Of this 85.5% (\$111,078) Is for salaries and benefits while the remainder is for operations.

County Buildings – 51800

This function falls under the responsibilities of the County Executive. The Building & Grounds Department is responsible for maintaining buildings and grounds that are part of the General Fund. These facilities include; Courthouse, Juvenile Probation & Sheriff's Investigation Building (Old Jail), Codes Enforcement Building, and the U.T. Agriculture & Extension Building. In addition to these buildings, the maintenance staff will help troubleshoot and do minor repairs to other county-owned buildings. This department includes the custodial staff for the courthouse.

The Building & Grounds Department is managed by the Purchasing Agent. The Purchasing Agent works with the Maintenance Supervisor to develop and manage the budget, assist in the preparation

of requisitions, and develop policies and procedures for the department. The Building & Grounds Department has a total of four (3) full-time employees and one (1) part-time employee. There are two (2) full-time maintenance employees and two (2) custodial employees, one full-time and one part-time.

The maintenance employees perform all routine duties necessary to keep the building and grounds in a functional and attractive state. This includes but is not limited to; mowing and trimming the grounds, monitoring the heating, ventilation, and air conditioning system for the courthouse and old jail, painting, and minor repairs in all of the facilities listed above. Any repairs or maintenance that requires licensure is outsourced. As needed, the maintenance employees assist the officials or department heads with other tasks, e.g. moving furniture or files, hanging things on walls, etc. The maintenance employees have been trained to supervise county inmates and do use inmate labor when. The custodial staff works alongside a contracted cleaning service and is responsible for the daily cleaning and upkeep of the courthouse. When needed, the custodial staff is also responsible for stripping and waxing the floors in the hallways and offices.

The total appropriation for County Buildings is \$609,867. Of this 27.3% (\$166,767) is for salaries and benefits while the remainder is for operations.

Other General Administration – 51900

This function falls under the responsibilities of the County Executive. This function is used for expenditures related to the maintenance and training on financial software used for purchasing, accounting, payroll, and fixed assets. There are no employee salaries in this function.

The total appropriation for Other General Administration is \$67,100. Of this amount, 100% is for operations.

Preservation of Records - 51910

This function falls under the responsibilities of the County Executive. The operation of function 51910 consists of preserving government records, utilizing records management, and providing public access to those records. The County Historian/Director oversees one (1) full-time Archive Assistant and one (1) part-time Assistant.

The Roane County Archives is located at 119 Court Street in Kingston in the Historic Roane County Courthouse. The Preservation of Records Department/Roane County Archives became a part of Roane County Government in July 2002. There are two types of records that the Archive handles: permanent records (inactive records that have to be maintained forever) and temporary records (those which are kept for a limited time period).

Permanent records are records that may never be destroyed. These records include those required by law to be kept, historical records, and records that the county official deems of continuing value to their office. The records in the Archives are from all of the court systems and include case files and docket and minute books. Also maintained in the archives are tax books, marriage licenses, estates, and various other legal documents. The records are stored in a fire-resistant location with appropriate temperature and humidity controls. The archival process involves the organization of records and placing them in acid-free folders and boxes on metal shelves. Organized records require less space and provide prompt and efficient access to the general public. As Roane County's records begin in 1801, the Archive is responsible for possibly one of the largest collections of historic records in the State of Tennessee. Most inactive permanent records are

maintained in the Archives while temporary records are stored in other locations. The Archive is responsible for providing access to permanent records by the general public.

Temporary value records are those that must be kept for a certain number of years and then may be destroyed. These records are the fastest growing sector of government records. Guidance is provided to the county officials as to which and when records may be destroyed. The Archives utilizes County Technical Assistance Services (CTAS) retention schedules as a guide for the destruction of temporary records. The Public Records Commission/Committee approves the final destruction of temporary value records.

Electronic records are one of the greatest challenges facing archives. Many offices are beginning to switch to digital records storage as opposed to paper records. Are electronic records going to be able to be read when new computer systems are used? Will electronic records be able to be migrated to a new system? These are some of the questions which will have to be answered in the future.

The total appropriation for Preservation of Records is \$135,472. Of this 89.5% (\$121,272) is for salaries and benefits while the remainder is for operations.

Risk Management – 51920

This function falls under the responsibilities of the County Executive. Risk Management is the activity of monitoring, assessing and alleviating risk.

Risk Management Cycle

Risk is managed by avoidance, retention, transfer by contract, loss control, and insurance contracts. The Risk Manager assists with Workers' Compensation, conducts safety meetings, and is the point of contact for TOSHA. The Risk Manager works with oversight committees in collecting knowledge of the risk from the Department of Energy in Oak Ridge.

OAK RIDGE RESERVATION COMMUNITIES ALLIANCE (ORRCA) GRANT:

The Oak Ridge Reservation Communities Alliance held its first meeting on February 22, 2012 under the name Tennessee Oversight Agreement Board of Mayors. The ORRCA replaced an existing oversight group, the Local Oversight Committee. The ORRCA membership consists of mayors and county executives from Anderson, Knox, Morgan, Roane Counties, and the City of Oak Ridge. The purpose of the ORRCA is to oversee and make recommendations to the Environmental Management (EM) for clean-up on the Oak Ridge DOE Reservation.

The Purchasing Department manages the Property & Casualty Insurance Program. The Property & Casualty Insurance is bid every three (3) years and renewed for two (2) years. The county purchases fully insured policies for the Liability, Auto, and Property Insurance lines. The county is self-insured for Worker's Compensation, up to \$450,000, per occurrence, thus Retention Insurance is purchased to cover claims exceeding this amount. This program includes the purchase of the following lines of insurance:

- 1. General & Professional Liability Insurance
- 2. Auto Insurance
- 3. Property Insurance
- 4. Worker's Compensation

All accidents and lawsuits are monitored by the Purchasing Department. When an accident occurs or a lawsuit is filed, the Purchasing Department reports this to the insurance company and then monitors the claim until it is closed.

The total appropriation for Risk Management is \$562,373. Of this 6.1 % (\$34,493) is for salaries and benefits while the remainder is for operations.

51000's - General Government Totals

The previous functions are the sum total of the General Government major category in the chart of accounts. This major category entails functions 51100 through 51900 and they account for 15% (\$3,731,114) of the total budget for the General Fund.

Accounting & Budgeting – 52100

This function falls under the responsibilities of the County Executive. The Accounting Department operates under the County Fiscal Procedure Law of 1957. This law is covered in TCA 5-13-101 through 111. The Accounting Department is managed by the Director of Accounts and Budgets. The Director is appointed by the County Executive and confirmed by the County Commission. The department has one (1) Deputy Director, two (2) School Accounting Clerks, one (1) County Accounting Clerk, one (1) Revenue Clerk, one (1) Benefits Clerk and one (1) Payroll Clerk. The Accounting Department handles all accounts receivable, accounts payable, payroll (except for schools), debt payments (principal and interest), and payments for capital items. Approximately 15,000 checks are written by the Accounting Department each year. All accounting records for the county, highway, and schools are maintained by the Accounting Department. Cash, ACH, and wire transferred revenue received by the county is handled by the County Trustee. The financial records are recorded in the Accounting Department software by fund and function. All county government grants are tracked for expenditures and reimbursements within the Accounting Department. Flexible spending, voluntary deduction, and all personnel insurances are handled by the Accounting Department's benefits and payroll function.

The Director of Accounts and Budgets is responsible for the collection, preparation, and presentation of the annual budget documents to the Budget Committee and County Commission. The Accounting Department sends out budget request forms to department heads and elected officials each January. During the budget process, property value reports will be pulled from the Property Assessor to enable the Budget Committee to set an estimated value of the penny during the first meeting on the next year's budget.

The Accounting Department puts together an annual debt report outlining the current debt of the county and the potential cost of new debt in terms of a tax rate.

The department also puts together a capital report which lays out the current and future anticipated capital needs of the county, along with a detailed breakdown of the capital fund, and each of its sub-funds (projects). These reports are created on an annual basis during the budget process.

Total Appropriation for Accounting and Budgeting is \$692,286. Of this amount, 94.4% (\$653,736) is for salaries and benefits and the remainder is for operations.

Purchasing – 52200

This function falls under the responsibilities of the County Executive. The Purchasing Department operates under the Purchasing Law of 1957, T.C.A. §5-14-101-116, the policies outlined in the Roane County Purchasing Manual and the direction of the Purchasing Commission. The Purchasing Law of 1957 was adopted by the Quarterly Court of Roane County on March 12, 1973. The Roane County Purchasing Manual was approved by the Roane County Commission on April 9, 2012. The Purchasing Agent is an appointee of the County Executive and requires confirmation by the county legislative body. The Purchasing Agent oversees (2) full-time positions and one (1) part-time position.

As approved by County Commission in Resolution #07-07-12, purchases between \$0-\$2,500 require no informal quotes or sealed competitive bidding; purchases between \$2,501-\$10,000 require informal quotes, and purchases over \$10,000 require sealed competitive bidding.

The Purchasing Department strives to determine what large or recurring supplies, materials, equipment, or services may be needed during the fiscal year. When it is determined that there is a need for such items or services, the Purchasing Agent issues Invitations to Bid or Requests for Proposal for them. The Purchasing Department averages either bidding or renewing 35 annual contracts. In addition to the annual contracts, the Purchasing Department typically does an average of 42 bids for individual items or services.

In an effort to obtain better pricing by means of increased purchasing power, the County Commission in Resolution #08-13-10 approved the use of contracts established by three national cooperatives; U.S. Communities, National Joint Powers Alliance, and The Cooperative Purchasing Network. In addition to these contracts, the Purchasing Department also has access to the State of Tennessee's contracts that are bid by the Department of General Services.

The Purchasing Department receives requisitions from most every department in which the County Commission has appropriated funds. The bulk of the requisitions are received from the School Department and the General Fund. The Purchasing Department averages about 4,600 requisitions each year.

The Purchasing Department is responsible for assisting departments to get surplus property sold. As county property becomes of no further use to a department or is deemed obsolete, a list of the items will be submitted to the Purchasing Department to have the property declared "surplus property". The Purchasing Department will first check to see if there is another department within the county that has a need for the property. If not, a resolution is prepared to file with the County Commission to declare the property surplus to the county. Once approved, the Purchasing Department will sell the property on GovDeals, an internet auction site as per resolution #07-07-11.

Total Appropriation for Purchasing is \$232,532. Of this amount, 93.8% (\$218,142) is for salaries and benefits and the remainder is for operations.

Property Assessor's Office – 52300 & 52310 combined

The Property Assessor is an elected official.

The operation of the Property Assessor Office (functions 52300 & 52310 combined) consists of appraising, classifying, assessing, and reappraising all real and personal property in Roane County. The Property Assessor Offices are located at the Roane County Courthouse in Kingston. The Appraisal Offices are located on the 1st floor and the Reappraisal Offices are located on the 3rd floor. The Appraisal Department is responsible for physically inspecting all properties (land & buildings) and assigning a value to the properties. The Reappraisal Department works on a 5-year cycle. New values are assessed every 5 years based on market sales data gathered during that time. The next appraisal is scheduled for 2025 which the Assessor's Office is currently working to have the assessments to the State by January 2025.

The Department consists of 11.5 employees. The elected official, Property Assessor, Chief of Staff/Personal Property Clerk, Clerks-5 (full-time), Chief Appraiser, Appraiser-(3) full-time and (1) part-time

Equipment that is utilized on a daily basis includes:

- (1) Desktop/Laptop Computers
- (2) Laser Printers
- (3) Copier/Fax Machines
- (4) Measuring Tapes
- (5) Measuring Wheels
- (6) Vehicles

- (7) Trimble GPS Unit
- (8) Digital Camera
- (9) Flatbed Scanner
- (10) Light Table

Total Appropriation for Property Assessor's Office is \$996,760. Of this amount, 75% (\$747,652) is for salaries and benefits and the remainder is for operations.

County Trustee – 52400

The Trustee is an elected official.

The Roane County Trustee manages a professional business office located in the Courthouse. The Trustee serves three (3) primary functions. The Trustee acts as a treasurer for the county. The office collects all county real and personal property taxes as well as State funds including sales tax revenues and Federal funds. There is a detailed account of all transactions while investing temporarily idle funds. The Trustee is not responsible for setting the tax rate and is not responsible for property appraisals/assessments for tax purposes. The Trustee collects the property taxes that are determined by the Property Assessor, and the Roane County Commission approves the amount of money that each fund receives.

Tax notices are normally mailed in late September each year and are payable through the end of February. They become delinquent on March 1 each year. They remain in the Trustee's office

for 18 months. At that time, all taxes due are given to the Clerk and Master for collection. A lawsuit is then filed for collection of the taxes.

Property taxes can be paid online at Tennesseetrustee.com. A convenience fee will apply to these payments. The County does not benefit from the fees. Payments may be made at United Community Bank and US Banks in Roane County. No fees are charged. Partial payments are also accepted when payments are made in the office.

The State of Tennessee has a tax relief program available for homeowners age 65 or older or homeowners that are 100% disabled as well as veterans with certain service-connected disabilities, and for the spouse of veterans killed in action. The Trustee completes the application for the state. The State of Tennessee makes the final determination of eligibility. The applicants must live on the property and cannot receive benefits for the elderly in another state. There is also an income limit that changes each year.

In July 2007, the State of Tennessee adopted a Property Tax Freeze Program for certain homeowners 65 years of age or older with a total combined income that does not exceed an amount set by State law each year. The Roane County Commission approved this program on Resolution #07-07-10 in 2007. The role of the Trustee is to accept annual applications from eligible homeowners who desire to have the current tax rate frozen when the first application is filed. The amount of land cannot exceed 5 acres. There is an income limit for all homeowners that are listed on the deed and the spouse is included regardless of whether the name is on the deed or not.

The Trustee is elected by the Roane County citizens every 4 years. Each day is different, and each Roane County citizen's need is different. The Trustee and staff attempt to solve any and all problems that occur during the day. It is a fee office which means that it is designed by State law to operate using fees rather than property tax money.

Total Appropriation for County Trustee is \$397,540. Of this amount, 77.5% (\$308,040) is for salaries and benefits and the remainder is for operations.

County Clerk – 52500

The County Clerk is an elected official.

The County Clerk's Office is located in the Roane County Courthouse at 200 East Race Street, Kingston, TN 37763. Currently, there is a satellite office open on alternate days, one day a week in Rockwood, Harriman, and Oliver Springs, TN.

The County Clerk has many important functions within county government. The County Clerk serves as clerk of the county legislative body, keeps the records of the county legislative body, and sends required notices. The minutes of the county legislative body meetings are required to be promptly and fully recorded by the County Clerk and are open to the public.

The County Clerk issues business licenses, and handles motor vehicle titling and registration. Also, the County Clerk issues marriage licenses, collects the state and county privilege tax on marriages, and may also solemnize a marriage. Since notaries public are elected by the county legislative

body, the County Clerk keeps a record of notaries public in the county and has duties involving coordination between the Secretary of State and the notary applications. County Clerks have other miscellaneous licensing duties, including pawnbroker licenses, beer permits, hunting and fishing license, and others.

The office consists of the County Clerk, nine (9) full-time clerks, and one (1) part-time clerk.

AUTHORITY

TCA§ Title 18, Chapter 6

Total Appropriation for County Clerk is \$808,044. Of this amount, 83.9% (\$678,119) is for salaries and benefits and the remainder is for operations.

Total Appropriation for the Sheriff's Department is \$4,884,217. Of this amount, 83% (\$4,056,768) is for salaries and benefits and the remainder is for operations.

<u>Jail – 54210</u>

By state statute, the Sheriff is responsible for operating the jail. The jail is 24-hour 7 days a week operation. The jail has seen its population soar to approximately 300 inmates and at times the female population has been as high as 70. The number of inmates varies on a daily basis.

The jail is governed by Tennessee Corrections Institute and there are categories covered that must meet the minimum TCI standards. Such as physical plant, administration/management, personnel, security, discipline, sanitation/maintenance, food services, mail and visiting, prisoner programs and activities, medical services, admission records and release, hygiene, supervision of prisoners, and classification.

The corrections staff has a very extensive regimen to follow on daily basis just to keep the jail in compliance with TCI minimum standards listed below are a few items that are completed daily.

For example:

- 1. The staff is responsible for making sure the inmates are fed three times daily.
- 2. The staff is responsible for making sure medications are passed out at least twice daily.
- 3. There is a regiment of sick calls and 12-day physicals that are mandated by TCI.
- 4. The staff has to stand guard at the hospital anytime an inmate has to be hospitalized.
- 5. The staff is responsible for transporting inmates to doctor's appointments, to and from other jails, etc.
- 6. Tuesday is General Sessions Court; the corrections officers are responsible for taking inmates to court if needed. The video arraignment system helps streamline this process.

During the court process, the corrections staff are required to provide security while at the courthouse.

- 7. Sanitation and maintenance items are passed by the corrections staff for the inmates to clean. Certain areas must have corrections stand guard, for example, the kitchen requires a corrections officer to be present.
- 8. There is a daily regimen of laundry that has to meet TCI requirements.
- 9. Food services are managed by a correctional officer that over see's the production of food. TCI requires an approved menu by a dietician.
- 10. The jail has implemented a GED program and it allows inmates to obtain their GED while incarcerated. However, if you are under the age of 21 it is mandatory that we offer this program.
- 11. The Roane County Jail provides inmate labor for the county and other municipalities.
- 12. The Roane County jail also operates an inmate work crew that is primarily assigned to picking up litter throughout Roane County.
- 13. The staff is responsible for the processing of all people arrested in Roane County. RCSO processes arrested people for several agencies, Harriman Police Department, Rockwood Police Department, Kingston Police Department, Oak Ridge Police Department, Oliver Springs Police Department, Tennessee Wildlife Resource Agency, Tennessee Highway Patrol, and Tennessee Bureau of Investigation.

Total Appropriation for Jail is \$4,264,931. Of this amount, 63.2% (\$2,694,214) is for salaries and benefits and the remainder is for operations.

<u>Civil Defense – 54410</u>

This function falls under the direction of the County Executive. The activities of the Office of Emergency Services are the planning, coordination, and implementation of all emergency management and Homeland Security related activities for Roane County. The foundation for this authority is Tennessee Code Annotated 58-2-101 through TCA 58-2-124, Emergency Management, as well as federal laws and regulations, Superfund Amendment and Reauthorization Act (SARA) Title III, and the Homeland Security Act.

The Office of Emergency Services is responsible for controlling the response to emergencies in their jurisdiction. TCA 58-2-110 requires counties to develop a county emergency management plan that is consistent with the Tennessee Emergency Management Plan and emergency management program to ensure an effective response and recovery.

Mission Statement: To lessen the effects of disaster on the lives and property of the people of Roane County through leadership, coordination, and support in the four phases of emergency management: mitigation, preparedness, response, and recovery.

Roane County created a Civil Defense Organization on July 2 1957 with John C. Gower as the first director. Tim Suter is the Director of the Office of Emergency Services (OES) and Director of the Office of Emergency Management. The Director oversees a staff of two (2) full-time staff and one (1) volunteer staff member. All staff receives training in emergency and disaster response through classroom instruction and exercises.

Future Opportunities include; New headquarters facility, Replacement of one staff position, required training for new hires, and the integration of new technologies for emergency response.

Total Appropriation for Civil Defense is \$377,723. Of this amount, 54.4% (\$205,598) is for salaries and benefits and the remainder is for operations.

Other Emergency Management – 54490

This function accounts for the cost of the E-911 contract. The contract covers the following function and two funds (Sheriff – 54110; Fund 118 – EMS and Fund 121 Fire).

Total Appropriation for Other Emergency Management is \$452,845. Of this amount, 100% is for the cost of the contract.

County Medical Examiner – 54610

The county contracts with a local physician to be the Medical Examiner per TCA 38-7-104. The Medical Examiner is appointed by the County Executive and confirmed by the County Commission. The Medical Examiner's term is 5 years. This function also covers the expense related to the bonds obtained by the M.E., autopsy expenses, and the purchase of body bags.

The total appropriation for County Medical Examiner is \$176,000. Of this 100% (\$100,000) is for operations.

54000's Public Safety Totals

The previous functions are the sum total of the Public Safety major category in the chart of accounts. This major category entails functions 54100 through 54900 and they account for 42% (\$10,155,716) of the total budget for the General Fund.

Local Heath Center – 55110

This function covers the operation and maintenance of the building for the Health Department. There are 2 part-time employees in this function; 1 Maintenance Worker that is shared with the courthouse and 1 part-time Custodian. The largest expenses are utilities. To maintain a health department in the county, the state provides a grant to cover the medical workers; the county provides the facility and maintenance necessary, this is considered a part of the county match for the grant.

Total Appropriation for Local Health Center is \$164,271. Of this amount, 22.8% (\$37,445) is for salaries and benefits and the remainder is for operations.

Other Local Health Services – 55190

The Roane County Health Department provides a variety of public health services in the county. These services include:

- Women, Infants, and Children (WIC)
- Immunizations-both childhood and adult
- Nutrition Education and Counseling
- Well Child Exams
- Family Planning
- Pregnancy Testing
- Presumptive (61-day) TennCare eligibility for pregnancy and breast and cervical cancer
- Women's Health Services (breast and cervical cancer screening)
- Primary Care (for uninsured adults)
- Telehealth services are available for Family Planning and Primary Care
- Dental Care (children with some limited services for adult emergency care)
- Communicable Disease testing and treatment (Sexually Transmitted Infections, Tuberculosis, follow-up of Reportable Diseases, etc.)
- HIV Pre-Exposure Prophylaxis (PrEP)
- Children's Special Services
- Home Visiting Programs (CHANT Community Health Access and Navigation in Tennessee)
- Health Education and Promotion
- Community Health Assessment
- Harm Reduction Navigation

- General Environmental Health (inspections of food service establishments, hotels, motels, public swimming pools, bed and breakfast establishments, childcare facilities, organized camps, schools and tattoo and body piercing establishments, and coordinate rabies control and West Nile Virus monitoring)
- Emergency Preparedness (shelter operations, mass clinics, disease outbreak management, natural disasters, emergency planning, etc.)
- Vital Records (birth and death certificates) and Voluntary Acknowledgement of Paternity
- Primary Prevention community-based activities.

The Director of the Heath Department serves as the Administrator for both the Roane and Morgan County Health Departments. Other staff positions include (not necessarily filled): 1.2 Nurse Practitioner FTEs, 1 Dentist, 1 Dental Assistant, 5 RNs (including a Nursing Supervisor), 2 Nursing Assistants, 6 Public Health Office Assistants (including an Office Supervisor), 1 Registered Dietitian, 1 Nutrition Educator, 1 part-time Breastfeeding Peer Counselor, 1 Social Worker, 1 Health Educator, 1 Harm Reduction Navigator, and 1 Environmental Specialist. There are other employees that also work out of the health department but are based in other counties including a Physician and a Disease Investigation Specialist. Our staff consists of a mixture of both State and County Employees.

The health department was instrumental in the county's response to COVID-19 by providing information, testing and vaccination services. While our response is ongoing, we are looking to the future to resume many of our other community-based activities and expand the availability of clinic services. In addition to the individual clinical services provided, public health also plays a key role in addressing population health issues and concerns. Primary prevention of disease and injury is vital in controlling health care costs and it seeks to prevent a disease or injury from ever happening to begin with thus negating the need for treatment. It is the heart of what Public Health is and does. It is our specialty. We anticipate that these, coupled with other factors, will lead to continued expansion of our services. Most of our services are billed on a sliding fee scale based on family size and income, but we also bill TennCare and many private insurance companies for most services. This does vary depending on the particular service.

The health department conducts an annual strategic planning process where goals and objectives are set, performance is monitored via a dashboard of selected metrics, and our community-based plans are developed and evaluated. We partner with many agencies and organizations to fulfill our mission. Our staff are committed to a culture of excellence and continuous quality improvement and use a variety of methods to continue to improve our services and strive for excellence while also improving our effectiveness and efficiency, always looking to improve and streamline our processes.

Total Appropriation for Other Local Health Services was \$437,006. Of this amount, 95.1% (\$415,551) is for salaries and benefits and the remainder is for operations.

Appropriation to State – 55390

OPERATING POLICIES

- Take-home vehicles There are 3 take-home work vehicles. The Director is on call for policy/programming and safety issues. The Maintenance Supervisor(s) are on call for mechanical issues.
- RCP Baseball field it is the policy to maintain this facility as a practice location, not a competition field.
- Tennis courts are maintained for daylight, recreational play on a first come first served basis
- RCP facilities as directed by the Park Advisory Committee and the Sports and Recreation Committee, a flat rate of \$10 per hour (3-hour minimum) and \$15 per hour for reserved use of the picnic shelters and cottage, respectively. The Cottage cannot be used without a reservation. The outdoor facilities are free for first come-first served. There is considerable use of these facilities (25-30%) to public groups at no charge.
- Splash Pad Open, free of charge, as the weather pattern allows (generally from the last day of the spring semester through late September).
- Riley Creek Campground warm season camping April 1st November 15 winter camping November 16th-March 31st
- Campground policies, rates, caretaker contract, caretaker bonus plan*, assistant caretaker agreement, and contractor use of county equipment are contained in the Riley Creek Campground Operating Plan.
 - *the caretaker bonus is calculated on the improvement in margin year over year starting in the 2012-13 camping season. Revenue-operating costs = margin
- Riley Creek is operated as a zero-sum operation. Any revenues exceeding the cost of operation are set aside for investment in the capital improvement of the campground.

The Parks and Recreation Department is under the purview of the County Executive. The Parks and Recreation Department employs 3 full-time, 3-8 seasonal part-time employees, and a seasonal contractor. The department maintains equipment such as mowers, a bobcat, 16ft boat, tractor mule, and ATV.

Master Plan-the strategic plan for the P&R department is outlined in the January 2020 Master Plan. These broad concepts are regularly re-visited and projects are defined, planned, and grant availability/funding considered.

Total Appropriation for Parks & Fair Boards is \$660,716. Of this amount, 52.2% (\$344,566) is for salaries and benefits and the remainder is for operations.

<u>Agricultural Extension Service – 57100</u>

The UT Extension/ Roane County is part of a statewide educational organization, funded by federal, state, and local governments, that brings research-based information about agriculture, family and consumer sciences, and resource development to the people of Tennessee where they live and work. We offer our programs to all citizens of Roane County regardless of age, race, gender, disability, or income level. In Roane County, we provide educational programs countywide to children through 4-H in every school in the county, after school, through community events, and provide camping experiences as well. We train community volunteers through the Master Gardener program, provide farmers education through programs like Master Beef Producer, and assist homeowners with tree, lawn, and insect issues. We also provide educational programs to first-time homeowners, people with arthritis, low-income citizens receiving commodities, conduct poverty simulations to increase awareness and provide financial management programs to high school students.

Total Appropriation for Agricultural Extension Service is \$113,600. Of this amount 100% is for operations.

Soil Conservation – 57500

The Roane County Soil Conservation District was organized in 1958 and is one of the 95 Districts throughout Tennessee. Our mission is to help conserve, maintain, and improve natural resources. The Roane County SCD is a division of Roane County Government and partners with USDA Natural Resource Conservation Service (NRCS) and the Tennessee Department of Agriculture (TDA) under a Memorandum of Understanding whereby the Federal, State, and local government work together to ensure that agricultural best management practices are being implemented on local farmland to address water quality concerns generated from agricultural land use. This interagency partnership is critical to addressing nonpoint source water pollution of unregulated land use.

The purpose of the Roane County Soil Conservation District is to work with all farm landowners in Roane County to advance agriculture and forestry throughout the county to promote the development, good use, and conservation of our soil, water, air, animals, and plants to help strengthen our county. We provide technical assistance on conservation practices; educational assistance aimed at reducing soil erosion and improving water quality, provide farm rental equipment, and work with landowners to implement various conservation practices to assist in the growth and development of Roane County farmland.

Total Appropriation for Soil Conservation is \$73,472. Of this amount, 95.6% (\$70,272) is for salaries and benefits and the remainder is for operations.

Employee Benefits – 58600

All covered employees who meet the qualifications may continue medical insurance at retirement for themselves and covered dependents until they become eligible for Medicare at age 65 or no longer qualify as eligible dependents. The employee is responsible for 5% of the premium for individual coverage and 50% for family coverage. All payments are made directly to the Trustee. The county will pay the remaining percentage from the General Fund.

Total Appropriation for Employee Benefits is \$90,000. Of this amount, 100% is for salaries and benefits.

Miscellaneous - 58900

The Miscellaneous Budget is used for paying for supplies or services that are for the benefit of the entire General Fund. This budget does not pay for supplies or services that are specific to one department. Below is a sampling of the types of things that are funded through this budget:

- 1. Office Supplies, Duplicating Supplies & Printing
- 2. County Memberships to Various Organizations
- 3. Contracts with Government Agencies
- 4. Bank Charges
- 5. Postal Charges

Total Appropriation for Miscellaneous is \$526,005. Of this amount, 100% is for operations.

58000's Other Operations Totals

The previous functions are the sum total of the Other Operations major category in the chart of accounts. This major category entails functions 58100 through 58900 and they account for 5% (\$1,236,243) of the total budget for the General Fund.

<u>Transfers Out – 99100</u>

Each fund within the local government is set up to have its own revenues and expenditures. Money is not shared between two or more funds unless appropriated and recorded in each of the participating funds. This function is used to show the movement out of money to another fund.

Fund Balance

The unaudited ending fund balance of the General fund on June 30, 2022 is \$12,674,896. The fund balance policy as adopted by the County Commission in April, 2011 and revised in July of 2012 sets the total fund balance needed at 35%-45% of the current year appropriation. The total fund balance of the General Fund is projected to be 52.5% of appropriations which is within policy.

Solid Waste 116

The Solid Waste Fund supports the operation of twelve Convenience Centers. The property tax associated with this fund is a tax on rural residents only.

FUND 116 - SOLID WASTE/SANITATION

OPERATIONS OF THE CONVENIENCE CENTERS:

The county operates 12 convenience centers throughout the county:

Blue Springs	3910 River Road	Ten Mile
Bradbury	3343 Buttermilk Road	Kingston
Cave Creek	329 Cave Creek Road	Loudon
Clax Gap	624 Clax Gap Road	Harriman
Glen Alice	1913 Spring City Hwy	Rockwood
North Gallaher	1470 Gallaher Road	Kingston
Orchard View	123 Orchard View Road	Oliver Springs
Paint Rock	125 Paint Rock Road	Kingston
Post Oak	123 Post Oak Road	Rockwood
Pumphouse	1239 Pumphouse Road	Rockwood
South 58	107 Walnut Grove Road	Kingston
Swan Pond	1040 Swan Pond Road	Harriman

The county's first collection program was a "Green Box" which was located at the entranced to Roane County Park in the late seventies and then "Green Boxes" were located throughout the county. Based on a TVA study, the first convenience centers (fenced sites with operators) opened at seven (7) different sites. Over the years, sites were established in various locations throughout the county.

CONVENIENCE CENTER PERSONNEL:

The Convenience Centers fall under the purview of the County Executive. The Solid Waste Director oversees a staff of three (3) full-time employees and twenty-nine (29) part-time employees. All employees receive annual training on safety and policy/procedure changes.

EQUIPMENT:

Each convenience center offers recycling receptacles for cardboard, paper, aluminum cans, scrap metal, #1 and #2 plastic, used oil, and used antifreeze. The Post Oak Center accepts latex and oil-based paints from residents on Tuesday.

CONVENIENCE CENTER RECYCLING:

The Convenience Centers play an important role in our county-wide recycling efforts. Located throughout the county are:

- Ten (10) 20-yard scrap metal receptacles
- Two (2) 40-yard scrap metal receptacles
- Twelve (12) used oil containers
- Twelve (12) used antifreeze drums
- Six (6) cardboard-paper-aluminum receptacles

- Twelve (12) plastic receptacles
- One (1) solar cardboard compactor
- Five (5) electric 40-yard cardboard compactors

FUTURE OPPORTUNITIES:

The county continues to study and analyze improvements that could be made in both the collection/disposal and recycling efforts. The county will improve sites by:

- Pave and/or concrete lots
- Construct carports over compactor areas for weather protection

FINANCIAL ANALYSIS OF THE CONVENIENCE CENTERS:

REVENUE:

The Solid Waste Fund is supported by two (2) main revenue sources; local option sales tax and TVA state revenue sharing. The sales tax is local revenue and the TVA state revenue sharing is state revenue; however, there is no requirement for local options sales tax or TVA money to be designated for solid waste. They are eligible to be used for different operations as budget demands require.

In previous years this fund was associated with a rural property tax. That tax burden has been shifted and additional local option sales tax has been assigned for Solid Waste.

Local Option Sales Tax is the sales tax over and above the state 7% that is received by the local government. By law, ½ of all local options sales tax must go towards local education (141 fund and city school systems). The remaining ½ is returned to the location where it was collected. The county receives local options sales tax only if it is collected outside of any city. Of this rural sales tax the county uses most of it to support the solid waste program with the remainder going to support rural fire and animal control. This revenue provides \$1,300,000.

TVA gives the State of Tennessee a lump sum, and the state has set out a formula for distributing this revenue to local governments. In the state revenue sharing portion, the remaining revenue received by the county, each county's share of the revenue is based on their percent of the state population, a percent of state land, and the percent of TVA acreage in TN.

These revenues together are budgeted to bring in approximately \$1,300,000 for FY23.

EXPENDITURES:

There is one function within the solid waste fund; Other Waste Collection.

Total Appropriation for Other Waste Collection is \$1,234,644. Of this, 43.3% or (\$535,212) is for salaries and benefits while the remainder is for operations 56.7%. The bulk of this is for waste disposal fees associated with the removal of waste by a contractor.

FUND BALANCE:

The unaudited ending fund balance of the Solid Waste fund on June 30, 2022, was \$1,300,846. The fund balance policy of Roane County requires that this fund maintain a fund balance between 10% and 100% of its budgeted expenditures. This fund balance equates to 99.2% of expenditures which is an acceptable level. If additional fund balance is available it is the county policy to transfer the additional funds to the capital fund to fund needed capital upgrades or improvements to the centers.

Ambulance Service 118

This fund supports the Emergency Medical Service for Roane County. Roane County operates a 24-hour day ambulance service that provides emergency and non-emergency transportation for its citizens. In FY12 the fund began with 30 attendants, 15 Emergency Medical Technicians, and 15 Paramedics. It also began with 5 Advanced Life Support ambulances in service 24 hours each day. In December of 2011 due to attrition and analysis of calls for service, the number of inservice ambulances was reduced to four (4). This fund is supported by patient charges.

FUND 118 - AMBULANCE

OPERATIONS

Roane County Office of Emergency Services operates the ambulance service in Roane County. This has been a county department since its inception in 1971. The EMS division operates four (4) Advanced Life Support ambulances 24 hours a day 7 days a week in Roane County. Our AEMTs and Paramedics are highly trained and equipped with top-of-the-line medical equipment.

Roane County's EMS Division maintains an "A" rating issued by the Tennessee Department of Health. This means that all of our ambulances are staffed with Advanced Life Support equipment and personnel.

The operational goals are to:

- Maintain an A-rated service
- Maintain the industry standard or better response times
- Meet the Communities Acceptable Level of Service
- Operate under sound financial practices which enable the EMS Division to be financially self-supportive

The Roane County EMS Division responds to approximately 730 calls for service each month. As the only EMS provider in Roane County, we respond to all emergency and non-emergency requests or services.

Station 1, The EMS Headquarters, is located at 3070 Roane State Highway, Harriman (Midtown) in the Central Services building. Station 1 was built in 1979 and has been utilized as the Main EMS station since the inception of the service.

Station 2 is located at 1007 Ruritan Road in Harriman. Work on this station was completed in August of 2022.

Station 3 is located on Rockwood

Station 4 is located on Highway 58 in Kingston.

The EMS Division has a total of 30 Employees; 1 Director, 26 full-time AEMTs, and Paramedics, and 2 people in the billing department. The service utilizes 20 part-time AEMTs and Paramedics to cover sick and vacation time of the full-time employees.

Paramedics and EMTs are required to maintain state licensure. This license is renewed every 2 years. The state of Tennessee requires 20 hours of state-approved continuing education hours for EMTs and 32 hours of state-approved continuing education hours for Paramedics.

EQUIPMENT

The EMS Division owns a total of five (5) ambulances for departmental use. The service purchases one (1) ambulances each year.

FUTURE OPPORTUNITIES

New headquarters facility

More efficient billing and collection system

Purchase additional Stryker power lifts to further reduce job-related injuries of personnel

FINANCIAL ANALYSIS OF THE AMBULANCE DEPARTMENT

REVENUES:

The Ambulance fund has two revenue sources; countywide property tax and patient charges.

One penny (.01) of property tax is allocated to the Ambulance Department. This will provide \$138,000 towards paying for services rendered to the indigent or uninsured population.

The Ambulance Fund utilizes a 3rd party billing company to bill and process payments received from patients, insurance providers, TennCare and Medicaid. This money is transferred weekly to the county. Patient charges account for \$2,770,000.

These two main sources along with various small revenues are budgeted to bring in approximately \$3,404,420.

EXPENDITURES:

This fund supports the operation of the Ambulance Service. The main expenditure is salaries and benefits. This accounts for \$2,547,630. or 73% of expenditures. The next largest expenditure is Workman's Compensation Insurance, Fuel, and the contract with 3rd party billers. The billing company which is utilized to bill and collect patients charges a 6% collection fee. The actual amount is dependent on the amount of revenue collected and thus is a moving target. The current budget allows for \$150,000.

Additionally, the Ambulance Fund has a contract for \$59,000 with Anderson County for Anderson County EMS to provide ambulance service to a small northern portion of Roane County.

The ambulance service provides medical transports for all residents of the county, regardless of the ability to pay.

The total appropriation for the Ambulance Fund is \$3,490,898.

FUND BALANCE:

The fund balance of the Ambulance Fund has been under close scrutiny for the last few years. Along with available cash this figure has been monitored very closely. The Ambulance Fund Balance ended the 2022 fiscal year with \$888,528. This year \$400,000 will be placed in this fund for cash flow purposes. The fund balance equates to 23.4% of expenditures which is between the 10% and 100% of expenditures which set an acceptable level. This fund struggles to maintain or grow an optimal fund balance and it is a focus of the County Executive, EMS Director and Budget Director.

Special Purpose 121

The Special Purpose Fund supports Rural Fire Protection including donations to the Volunteer Fire Departments and operations of the Countywide Fire Department. This fund also supports Animal Control Activities. The property tax associated with this fund is a tax on rural residents only.

FUND 121 – SPECIAL REVENUE

FIRE PROTECTION AND CONTROL

The Roane County Fire Division seeks to improve rural fire fighting capability within Roane County by providing response and technical assistance to the volunteer fire departments in Roane County.

Each year Roane County averages 78 residential fires that lead to an average of \$5 million in property loss. Over the last 5 years Roane County has had 10 deaths due to fires in the home. Our mission is to improve our community's ability to prevent and respond to fires by educating our citizens in fire prevention and training and equipping our firefighters to save lives and minimize property loss.

The Countywide Fire Department has 5 full-time employees. This department falls under the umbrella of the Office of Emergency Services. The OES Director is the Fire Chief of the county. The Operations Chief, 3 Firefighters along with 1 Community Risk Reduction Specialist complete the department. The county has an employee in OES that is an additional firefighter, and will go on calls if needed.

Firefighters working in the Fire Division are required to maintain a minimum of 240 hours of training per year. This training is broken down into: 12 hours per year of officer training, 20 hours per year of driver training, 8 company drills per year, and 2-night drills per year in the form of inservice training.

The county has 5 volunteer fire departments which are located outside of all of the cities. These volunteer departments are each provided with quarterly operating payments from the county and an annual capital contribution. Each department is provided with \$54,200. This comes to \$271,000 or 28.9% of the expenditures.

ANIMAL SHELTER

The county operates an animal shelter located at 296 Manufactures Rd, Rockwood, TN. The Shelter is an Animal Care and Control Agency that was created by the Roane County Government. Construction of the current facility began in October 2000 and had its first open house on April 17, 2002.

As a law enforcement agency, the shelter is responsible for protecting the rights of people against the dangers and nuisances of uncontrolled animals. As an animal care organization and facility, it insures the legal protection of animals from mistreatment and abuse. In combination, the Animal Control Department attempts to administer to the health, safety, and welfare of people and animals by promoting, motivating, and enforcing responsible pet ownership. The Shelter is 7,200 square feet and is equipped with 30 dog kennels as well as a cat room and animal care center. Outside there is 1,357 fenced square feet, with a portable barn for livestock.

The Shelter Director oversees four (4) full time employees and three (3) part time employees. All employees receive annual training on safety and policy/procedure changes.

Shelter capital equipment includes a Chevrolet pickup, a Ford F-250 pickup, an F-250 Ford Super-Duty pickup, a Featherlite large animal trailer (donated), and an enclosed horse trailer.

The county continues to study and analyze improvements to our animal shelter operations.

FINANCIAL ANALYSIS OF THE SPECIAL PURPOSE FUND

REVENUE:

This fund is supported by three (3) main revenue sources; property tax, local option sales tax, and fees for service.

The property tax that is levied to support fire protection and animal control is a rural property tax that is not levied upon property within city limits, only on property outside of all cities. The property tax rate for this fund is six (.06) pennies. Of the 2.40 pennies levied for property tax, this accounts for 2.50% of the total levy. This property tax equates to approximately \$499,800.

Local Option Sales Tax is the sales tax over and above the state 7% that is received by the local government. By law, ½ of all local options sales tax must go towards local education (141 fund and city school systems). The remaining ½ is returned to the location where it was collected. The county receives local options sales tax only if it is collected outside of any city. This revenue provides \$531,000.

The last major revenue source is fees for service. These services include:

Adoption Fee: \$50 per animal with a spay/neuter refundable fee Contracts with Cities: \$15 per animal per day, limit 3 days

Owner Surrender: \$20 per animal per day

Redemption: \$50 per day ½ price if altered and up to date on vaccinations

Merchandise: varies

These revenues together are budgeted to bring in approximately \$1,248,000.

EXPENDITURES:

There are two functions within this fund, fire protection which is 68.1% of the fund and animal shelter which is the remaining 31.9%. These operations are not related to each other than they have the same revenue source of rural sales tax associated with them. The animal shelter has a rural tax rate because the cities are billed for city animals that are brought to the shelter. City residents' city taxes are used to pay that contract with the county. There is no reason to tax them twice for this service. The volunteer fire departments are the primary responders to fires outside of the cities, along with the countywide fire department. These departments also act as a backup for the city departments but are primarily focused on the rural areas of the county.

Total Appropriation for Fire Protection is \$937,491; 29.12% or \$434,601 is for salaries and benefits while the remainder is for operations. The bulk of this money, \$346,000 is contributions to the volunteer fire departments. Included in the total is \$75,000 for the purchase and installation of fire plugs throughout the county.

Total Appropriation for Animal Shelter is \$439,763, 70% or \$225,443 is for salaries and benefits while the remainder is for operations. The largest operational expense is gasoline and utilities.

FUND BALANCE:

The unaudited ending fund balance of the Special Purpose fund on June 30, 2022, was \$885,885. The fund balance policy of Roane County requires that this fund maintain a fund balance between 10% and 100% of its budgeted expenditures. This fund balance equates to 64.3% of expenditures which is an acceptable level.

Drug Control 122

This fund supports the drug control function of the Sheriff's Department. There is no tax revenue associated with this fund it is supported by fees earned through the court system along with revenue from forfeitures and seizures.

FUND 122 – DRUG CONTROL

OPERATIONS

The 122 fund is referred to as "The Drug Fund". The funds that are appropriated for this fund come through drug seizures and court fines related to drug offenses. The appropriations are made by the County Commission. This fund is used primarily to operate our narcotics division. The line items in the 122 fund are the same as other budgets for the Sheriff's Office; however, this budget is primarily focused on using the funds for narcotics investigation.

FINANCIAL ANALYSIS OF THE DRUG FUND

FUND BALANCE:

The unaudited ending fund balance of the Drug Control fund on June 30, 2022, is \$84,202. The fund balance policy of Roane County requires that this fund maintain a fund balance between 10% and 100% of its budgeted expenditures. This fund balance equates to 100.9% of expenditures which is an acceptable level.

Recycling 128

This fund supports the operation of the Recycling Center along with the Post Closure Care expense of the old landfill. There are several capital projects in the works related to this location and they are being funded through this fund, but are being managed in the Capital Projects Fund. The Property Tax that supports this fund is a Countywide Tax.

FUND 128 - RECYCLING AND CLOSED LANDFILL

OPERATIONS:

The operation of special revenue fund 128 consists of the county's recycling program along with the post closure cost of the county's closed landfill cell. The property is located in Midtown and consists of 168 acres. The characteristics of these acres are broken down as follows:

Three (3) acres for recycling center operations including parking and convenience center

25 acres for the closed landfill cell

32 acres for a permit landfill cell (not developed)

Three (3) acres for a Sheriff training area/Firing Range

One (1) acre for a brush waste area

Four (4) acres for a future recycling improvement area

The property was developed from a private property dump site and became county-owned in 1975 by a donation of 67.8 acres from John W. Bowman. In 1988 an additional 100 acres was donated by a Roane County Industrial customer, IMCO. The Highway Department operated the landfill from 1975 to 1994 when the county contracted with Santek to prepare for closure. Also, in 1994, the county created the Solid Waste Authority to begin the closure process. The landfill official closed in September 1997.

Annually, the county signs a post closure performance bond with the State of Tennessee pledging the county resources for estimated post closure cost and monitoring. As of June 2022, the county post closure cost is estimated at \$ 125,472.

RECYCLING PERSONNEL

Anthony Brashears is the Director of Recycling and the Convenience Center operation. Mr. Brashears oversees a staff of four (7) full-time employees.

EQUIPMENT:

Equipment used in the recycling operation and county-wide convenience centers consists of the following:

- Scale (2017) and scale house (2012)
- 3 compactors
 - 1–5-yard large item compactor (2006)
 - 2–5-yard household compactor (2015,2019)
 - 6/40 cubic yard compactor boxes
- 1 Mack roll-off trucks (2006)
- 5- 40-yard roll-off containers
- 3- Bobcat skid steer loaders (2006, 2012, & 2017)
- Caterpillar skid steer loader (2008)
- American General Road Tractor/ 5th wheel (2013)
- 1-2019 Chevrolet 1500 truck
- 1-2015 Chevrolet Silverado truck
- 1-2020 Peterbilt roll-off truck
- 1-2016 International roll-off truck

- Oil filter crusher
- 5-3-yard steel bins for recycling
- Main Recycling Building

RECYCLING EFFORT:

Recycling began in 1998 with basic recycling of cardboard, plastics, paper and metals and has expended to include:

- Cardboard: approx. 20 tons per week
- Paper: approx. 5 tons per week
- Aluminum: approx. 1/3 ton per month
- Steel
- Electronics
- Batteries
- Oil
- Paint
- Plastic #1 & #2: estimated 12 tons per month
- Antifreeze
- Tires

ANNUAL HOUSEHOLD HAZARDOUS WASTE DAY:

The Annual Household Hazardous Waste Day is held in the spring of each year. The following waste is accepted:

From Workbench	From Garage	From the House	From the Yard
Degreaser	Antifreeze	Art/Craft Supplies	Fertilizer
Paint Thinner	Gasoline	Moth Balls	No-pest Strips
Stain Remover	Brake Fluid	Floor Cleaners	Rodent Killer
Oil-Based Paint	Engine Degreaser	Rechargeable Batteries	Herbicides
Sealant	Carburetor Cleaner	Drain Cleaner	Pool Chemicals
Wood Stripper	Kerosene	Photo Chemicals	Muriatic Acids
Solvents		Chemistry Sets	Pesticides
Rust/Wood Preservatives		Medicine/Drugs	Insect Spray
		Metal/Furniture Polish	

FUTURE OPPORTUNITIES:

The county has developed a capital improvement plan for the landfill area, recycling operation and county-wide convenience centers. Since 2014 the Sheriff's Department has operated a Firing/Training range at the site of the landfill. Future opportunities and challenges can be found within the Executive Summaries and within the 171 General Capital Projects Fund- Subfund RCY.

REVENUE:

The county's recycling effort and post-closure cost is considered county-wide activities and as such has a county-wide tax levy of .03 pennies of property tax. These three pennies considering current and prior year collection generate estimated revenue for fiscal 2023 of \$417,900.

The recycling center also is considered a convenience center for class 4 waste (construction and demolition) along with certain commercial waste, tires, brush, and household waste accepted county-wide from residents. This waste stream will generate approximately \$199,826 in revenue for fiscal 2023.

Sales of recycled materials from aluminum, metals, plastics, waste oil, paper, and cardboard are estimated to generate approximately \$223,600 for fiscal 2023.

Estimated revenue for fiscal 2023:

\$1,127,426

FUND EXPENDITURES

The recycling center accounts for expenditures of \$1,116,126 of which:

\$448,372 salary and benefits (40.2%);

\$209,000 disposal fees (18.7%); and

The balance of remaining expenditures is operation costs from maintenance of equipment and vehicles to property and liability insurance in the amount of \$458,754 (41.1%).

Post closure care cost of the landfill budget is \$233,900.

Total Budget Expenditures for fiscal 2023:

\$1,350,026

FUND BALANCE

The fund balance for the recycling/landfill fund on June 30, 2022 was 1,381,379 which is 97.7% of the current year expenditures. The RCY sub-fund is used to account for capital improvements for the county recycling operations.

Executive Summaries #9, #9a, #9b, #9c can be found on the county website (www.roanecountytn.gov). The Executive Summaries outline the operations and capital investments at the recycling center and the landfill area.

County Road 131

This fund supports the operation of the Road Department. It is responsible for the maintenance of all county roads including mowing, salting, paving, and patching pavement. This fund is supported by state and local taxes with the property tax in this fund being a countywide tax.

FUND 131 – HIGHWAY/PUBLIC WORKS

FINANCIAL ANALYSIS:

REVENUE:

The Highway Fund receives revenue from two (2) main sources; county property tax and state revenue (grants and taxes).

Roane County has .10 pennies of property tax allocated to the Highway Fund. Of the 2.40 pennies levied for property tax, this accounts for 4.17% of the total levy.

The largest source of revenue for the Highway Fund comes from the State of Tennessee. The first of these comes in the form of State Aid. This is funding related to the engineering or improvement of roads and bridges that have been previously submitted to be included in the state aid highway system. This revenue fluctuates from year to year depending on how many projects are eligible for state aid.

The state provides a litter grant for roadside litter pick up and education on the effects of litter. The education portion is conducted within the local school system.

The largest state revenue is from Gasoline and Motor Fuel Tax. It is a privilege tax paid on gasoline, fuel, alcohol, and substitutes.

EXPENDITURE:

Asphalt is the single largest expenditure for the Highway Department. Other large expenditures are salaries and benefits along with fuel and vehicle parts.

FUND BALANCE:

The unaudited ending fund balance of the Highway Fund on June 30, 2022 is \$3,070,956. The fund balance policy of Roane County requires that this fund maintain a fund balance between 7% and 15% of its budgeted expenditures. This fund balance equates to 47.20% of expenditures which is an acceptable level. If additional fund balance is available it is the county policy to transfer the additional funds to a capital account to fund needed equipment purchases or capital projects.

General Debt Service 151

This fund is used to pay general debt obligations of the county including principal and interest. The property tax associated with this fund is a countywide tax.

Roane County adopted a debt policy at the March,

2011 Commission meeting. A part of this policy is that a multi-year debt report is published on an annual basis. Along with this report, an executive summary is also published. All of these sources of information is available at www.roanecountytn.gov.

Rural Debt Service 152

This fund is used to pay education debt incurred prior to 2002 and the merger of Harriman City Schools. This fund is supported solely through property tax on all residents except those in Harriman and Oak Ridge. At the time these debts were incurred these city residents did not receive the proceeds through the improvements that were made to the County Schools, as they had their own city school systems at the time. Roane County adopted a debt policy at the March, 2011 Commission meeting. This Fund closed on June 30th and the balance was transferred to 151.

General Capital Projects 171

This fund is used to purchase medium and major capital assets related to the operation of the general county government. This fund is organized by subfund so as to maintain the integrity of the funding for each specific project. Projects may last multiple years. Please visit roanecountytn.gov to view the Capital Report for detail on each of the subfunds and projects the county is working on this fiscal year. The property tax associated with this fund is a countywide tax.

FUND 171 – GENERAL CAPITAL PROJECTS

This fund is separated and segregated by using subfunds to monitor, track and maintain the integrity of multiple funding sources. Each of the subfunds is related to a regular operating fund of the county either the General Fund or one of the Special Revenue funds. Since several of these have different tax rates levied for their purposes a system of subfunds is ideal to segregate the funding and ensure money is used for the purpose it was levied. Each subfund maintains a separate cash balance, balance sheet, statement of revenues, and statement of expenditures. Any money that goes unspent will stay in its subfund or it will be transferred back to the original operating fund. In the case of property tax assigned to this fund, it is all received into one subfund and held there until Budget Committee and County Commission approve to use to fund specific projects. Additional information is available in the comprehensive annual report put out each year as an Annual Capital Report available at roanecountytn.gov.

In total, the revenue for this fund includes Property Tax (\$828,000), Trustee Collections (\$10,000.), Clerk & Master (\$20,000.), Contributions and Gifts (\$20,000) transfers in from other funds (\$200,000), fees (\$70,000), grants (\$6,881,614) come to \$8,029,614. The total appropriations for this fund is \$9,619,712. These appropriations are detailed by subfund in the following pages.

VEH – Vehicles

This subfund is for the purchase of vehicles. Each year there are several vehicles needed by different departments throughout the county. The school system and highway department have their own separate capital funds which are used for the purchase of vehicles.

Revenue for this subfund comes from property tax. If any vehicles are sold for scrap that revenue would then also come into this subfund to support the purchase of a replacement vehicle. As vehicles are sold that revenue is received into this subfund.

Expenditures in this subfund are only vehicles. Generally, these will be replacement vehicles for cars or trucks that are ready for surplus. These surplused vehicles are then either given to another county department, donated to a volunteer fire department, or sold on the govdeals website. For fiscal year 2023 the Sheriff and County Executive have money budgeted for vehicles in this (VEH) subfund.

The total appropriation in this subfund is \$401,000. The ending fund balance on June 30, 2023 is anticipated to be \$94,069.

Fund Balance Policy

Roane County Fund Balance Policy
Revised with Adoption of Resolution #10-22-_____
Revisied with Adoption of Resolution #17-12-07
Original Resolution #04-11-32

Goal/Mission: To provide management with appropriate guidelines and direction to assist in making sound decisions related to managing the fund balance of the County General Fund, Highway Fund, General Purpose School Fund, General and Education Debt Service Funds, all Special Revenue Funds, Capital Outlay Funds, Enterprise Funds, and Agency Funds.

Objectives:

- 1. Provide an educational briefing: defining the fund balance, the purpose of the fund balance and recommended fund balances needed in various county operational, debt service, special revenue, capital outlay, enterprise, and agencies' funds
- 2. Allow decisions to be transparent
- 3. Provide a medium in which fund balance management decisions can be made
- 4. Outline steps to be taken to reach an optimal fund balance, if an optimal fund balance does not exist
- Summarize the Fund Balance Policy

1. Educational Briefing

a. Fund Balance defined for this policy: Fund Balance shall be defined as all equity balances of restricted, committed, assigned, and unassigned within a fund.

b. Purpose of Fund Balance:

- To maintain sufficient funds to cash flow operations during the year until revenue is received, such as property tax.
- To have emergency funds available due to revenue short falls or unanticipated expenditures/expenses.
- To have investment funds available in order to accumulate interest to provide operating interest earnings to support operations thus limiting the need for property tax revenue.
- To reflect financial stability and strength; thereby, portraying to the investment community the county's financial management strength and public investment security and low risk. Strong financial strength and stability should reflect a lower risk and thus lower interest rate for future debt issuance.

c. Fund balance needs for various funds shall be categorized as follows:

o 101 - General Fund -

The General Fund is heavily supported by property tax and, since property tax is not due until eight months into the fiscal year, must have a relatively high fund balance related to the appropriations in order to support cash flow needs. The fund balance should be sufficient to meet cash flow needs and available funds should also assist in investment planning, and is calculated at 35-45% of the current year appropriation.

Roane County Fund Balance Policy
Revised with Adoption of Resolution #10-22-_____
Revisied with Adoption of Resolution #17-12-07
Original Resolution #04-11-32

o 131 - Highway Fund -

The Highway Fund is heavily supported by monthly revenue from the State of Tennessee gasoline and motor fuel tax. The fund balance should be sufficient to meet cash flow needs and is calculated at 7-15% of the current year appropriation.

141 - General Purpose School Fund -

See Fund Balance Policy adopted by Roane County Board of Education.

Debt Service Funds in General:

The County's number one priority is to ensure that funds will be available for debt obligations. The county typically will have at least one (1) year of future payments as fund balance, thereby maintaining 100% fund balance to appropriation. The county further recognizes that as the debt service obligations are paid off the fund balance would be scheduled to fall below 100% and conversely as additional debt is being anticipated the fund balance should grow above 100%. Further, a healthy fund balance reflects management's commitment to fiscal responsibility and should provide the investment community assurance to purchase the county's debt and thereby a low risk and low interest rate. Further, fund balances can be used as investments, thereby, providing operational revenue for the county.

151 - General Debt Service Fund –

The General Debt Service Fund is the primary fund used for the depository of monies to pay for county debt. The fund can be used for Education Debt Service and does include certain education debt repayment. The General Debt Service Fund shall have an optimal fund balance between 50-150%, typically around 100%.

Other Special Revenue Funds –

Other Special Revenue Funds should have sufficient fund balance to support cash flow needs. These funds' fund balances could be as low as 10% and exceed 100% due to the nature, use, and total appropriation of the fund. These fund balances shall be monitored and discussed annually with the Budget Committee as the respective funds are recommended to the County Commission.

Capital Projects Funds –

There are three capital project funds used by Roane County:

- The 171 General Capital Project Fund for various capital improvements of the General Fund and certain special revenue funds. (The 171 General Capital Project Fund further will have restrictions established by state law which can only be used as specified in state law.)
- The 176 Highway Capital Project Fund for highway projects.
- 177 Education Capital Project Fund for Roane County school projects.

The fund balance in each of the funds shall be sufficient for cash flow purposes. Further the funds shall be allowed to accumulate fund balances for planned and anticipated future capital investments.

Revisied with Adoption of Resolution #17-12-07
Original Resolution #04-11-32

Enterprise Fund –

As of 2011 Roane County operates the 204 Wastewater Treatment Enterprise Fund. The fund balance shall be sufficient for cash flow purposes and shall set aside funds for future capital replacement or expansion needs. This fund is managed by the Roane County Board of Public Utilities. Debt that is issued and repayment of such debt is the responsibility of the Roane County Board of Public Utilities.

Custodial Funds –

Custodial Funds are funds in which the county performs accounting services but the decision of use of the money falls outside county appropriations control. Fund balances in these funds are only for cash flow needs and expenditures/expenses are prohibited if the cash is not available. Certain funds may have additional control of operation which regulates their respective balances.

2. Decisions shall be transparent

The County Budget Committee shall recommend an annual budget to the County Commission. The annual budget shall reflect the operational activity of the county and have an Operational Statement filed with the annual budget. The County Commission's deliberation on the annual budget shall consider the Operational Statement in the adoption of the annual budget. The Operational Statement shall become a part of the annual budget. The process for adoption of the annual budget shall be a public record and all meetings shall be public meetings.

3. Method in which the Fund Balance Decisions shall be made

The management of the fund balances shall be transparent to the Commission and the public by the annual publication of an Operational Statement for each of the county funds. The Operational Statement shall reflect: **Estimated Beginning Fund Balance** <u>plus</u> **Estimated Revenue** <u>less</u> **Appropriation** <u>equals</u> **Estimated Ending Fund Balance**.

The estimated beginning fund balance shall be estimated during the annual budget process and shall be continuously reviewed for each fund until the budget is adopted and/or the fiscal year end is closed. After the fiscal year end is closed, the operational statement shall be recalculated reflecting the ending fund balance closing (prior year), which is the beginning fund balance for the new budget. After the annual audit is complete, the operational statement is again updated with the audited fund balance (prior year).

During the adoption of the annual budget, calculation shall be made comparing the percentage of Estimated Ending Fund Balance (for the proposed new year) with the proposed appropriation. This calculation shall be compared to the policy for compliance. Any variance outside of this policy shall be noted and explained and outline the reasoning for the variance and any proposal to comply with the policy.

Attachment A notes an example of an Operational Statement and Fund Balance percentage.

4. Steps To Be Taken If Fund Balance is Not Optimal

The Budget Committee and County Commission's action on the fund balance, which may be higher or lower than the policy, shall be set out as follows:

- o If the fund balance is lower than the stated policy the budget should consider increasing revenue or reducing appropriations to adjust the fund balance into an acceptable range. In the event the fund balance is in the Debt Service Fund, the policy should consider whether the Debt Service Fund anticipates future increases or decreases in annual appropriations before adjustments to revenues are made. Explanations should state why the fund balance should be increased or decreased.
- If the fund balance in the General Fund, Highway Fund, or General-Purpose School Fund is greater than the stated optimal fund balance policy then the monies greater than the optimal fund balance should be used for capital expenses and possibly transferred to the respective capital project fund for capital improvements.

5. Summary of Fund Balance

- 101 General Fund between 35 45% of proposed appropriation
- 131 Highway Fund between 7 15% of proposed appropriation
- 151 General Debt Service Fund between 50 150% of proposed appropriation
- All Other Special Revenue Funds specifically noted during budget deliberation 10-100%
- Capital Project Funds cash flow and proposed future scheduled projects reviewed and discussed annually
- Enterprise Fund cash flow and capital projects reviewed and discussed annually
- Agency Funds cash flow, and at request of agency

Capital Policy

Roane County Capital Projects Policy 1-20-11 (Rev. 4-24-17)(Rev. 10-22-____) Established with the adoption of Resolution #03-11-22 Re-adoption Resolution #05-17-12

Goal/Mission: To provide management with appropriate guidelines and direction to assist in making sound decisions related to the procurement, construction, scheduling and managing of capital assets. To further demonstrate strong financial management practices for our county citizens, outside investors, and credit agencies.

The ultimate goal is to financially position Roane County to limit indebtedness for purchase/construction of capital assets and to insure proper accounting and management of capital projects.

This policy shall address all capital projects dedicated to: General Government Operation Fund 101 and all Special Revenue Funds, accounted for in the General Capital Project fund 171 along with the General Highway fund 131 accounted for in the Highway Capital Project Fund 176. However, certain exceptions shall be noted related to the Highway Fund 131, Highway Capital Projects Fund 176, the School Funds (141,142,143,144,146), Education Capital Projects Fund 177, and Wastewater Fund 204.

Objectives:

- 1. Provide an educational briefing of the categories of capital assets and their accounting in general operating funds and/or capital outlay funds.
- 2. Allow decisions to be transparent.
- 3. Provide long term planning for new and replacement assets can be studied.
- 4. Identify revenue streams that can support capital projects
- 5. Create an accounting plan which will help in establishing and maintaining creditability for capital management.

1. Categories of and Accounting for Capital Assets

Roane County shall classify capital assets for this policy into three (3) types of categories:

• Minor capital asset is considered an asset which is has a life expectancy from one (1) to five (5) years and a relatively small expenditure cost relative to the operating fund or department budget from which the asset is being purchased or constructed. Examples are: Computers, radios, furniture, certain tools and equipment. Estimated cost would be \$1,000 to \$20,000. Highway and Education thresholds are larger due to the size of the operating funds. (See Attachment A).

Roane County Capital Projects Policy 1-20-11 (Rev. 4-24-17)(Rev. 10-22-____) Established with the adoption of Resolution #03-11-22 Re-adoption Resolution #05-17-12

- Shall be purchased from their respective operating funds.
- Medium capital asset is considered an asset which has life expectancy from three (3) to 12 years, has a cost between \$20,000 and \$400,000. The asset cost could be a relatively small cost related to the operating fund or department budget from which the asset is being purchased or constructed. Examples are: Vehicles, roof replacement, certain heating and cooling replacement, walkways, roads improvement, and certain recreation improvements. Highway and Education thresholds are larger due to the size of the operating funds. (See Attachment A)
 - Shall generally be purchased out of a capital project fund but if the capital asset is classified as a replacement scheduled asset the asset could be purchased from operating fund (example would be vehicles).
- Major capital asset is considered an asset which has a life expectancy of 12 to 15 years or greater and has a large cost relative to the operating fund or department budget from which the asset is being purchased or constructed. Estimated cost would be between \$200,000 and up. Generally, the asset would require the issuance of debt. Examples are: New construction of buildings, major replacement of roofs, certain road improvements. Highway and Education thresholds are larger due to the size of the operating funds. (See Attachment A)
 - Shall generally be purchased out of a capital project fund but in very limited cases could be charged to an operating fund.

Roane County could pay for the purchase or construction of capital asset(s) either in an operating fund (101-149), a capital outlay fund (171-179), or an enterprise fund (201-209).

Scheduled Replacement Assets- Discussion of scheduled replacement assets can be found in the Attachment B – Replacement Asset Position Statement.

2. Transparency

Capital budgets shall be adopted by project(s) and if annual revenue supports the projects(s) then annual budget adoption is required.

Capital budgets remain authorized until the project(s) are completed or closed.

Capital Plan responsibilities (Excluding Highways and Education)

Responsibilities for capital plans and reporting shall be assigned as follows:

Director of Accounts and Budgets (DoAB) shall:

- Have an understanding of the accounting Fixed Asset Policy (Resolution #10-99-05)
- Develop a capital asset request form which shall capture data as follows:
 - Asset name and type
 - Department assets to be replaced
 - Estimated year needed- minor asset 1-3 years- medium asset 1-12 years-major asset
 1-20 years
 - Anticipated cost
 - o Any dedicated revenue source which may or could support the purchase of the asset
 - Whether the asset should be considered as a replacement scheduled asset
- Distributed by February 1 to Department Heads/Elected Officials the capital asset request form
- Complete the state Public Infrastructure Needs Survey and file a summary report with the county commission. This report shall include the Highway Department and the Board of Education needs.
- Review the county's Fixed Asset Report and be familiar with any replacement asset needs
- Consolidate Department Heads/Elected Officials capital asset request by category
- Annually and periodically report projects status to the county commission

Department Heads/Elected Officials shall:

Submit to the DoAB by March 1 their respective capital asset request

County Executive shall:

- Work with the DoAB to compile capital project needs
- Development a capital project funding plans
- Submit consolidated capital project plan/budgets to the respective committees or county commission with recommendation

County Budget Committee/respective committee(s) or ad hoc Capital Committee shall:

 Review consolidated capital project plan/budgets for consideration and recommendation to the county commission

County Commission shall:

Consider any request for projects for approval and/or funding

Capital Plan responsibilities for Highways

The Highway Department shall follow the same policy practices and procedures as the General Government.

Capital Plan responsibilities for Education

Responsibilities of education capital improvement planning shall be at the discretion of the Director of Schools and Board of Education.

The County Executive, Budget Committee and County Commission shall recommend and/or approve any funding which requires debt issuance.

The county encourages the Director of Schools and Board of Education to follow a similar capital plan as developed herein and to summit to the DoAB and County Executive annual and multi-year plans to be consolidated with the county's plan.

3. Medium for long term planning for new and replacement assets

During January and February of each year the Director of Accounts and Budgets (DoAB) shall request from each elected/appointed official and department head a listing of future capital projects. The DoAB shall compile a list of all projects and consolidate the new request with existing projects and establish additional listing within established sub funds or recommend the creation of new sub funds.

A consolidated budget shall be submitted to the county executive for recommendation to the budget committee. The budget committee shall submit a recommendation to the county legislative body at any time or during the annual adoption of the county budget.

Periodic reports shall be filed with the county commission for public records reflecting:

- Project name
- Accounting entity sub fund or project fund reflecting

Balance Sheet

Project Budget Remaining

Statement of Revenues and Expenditure against remaining project budget

Statement of Revenue and Expenditures for the entire project

• Time calendar or Gantt chart for project scheduling

Projects shall be placed in an established sub fund or a new sub fund shall be established to account for the projects.

4. Revenue Streams to support capital projects

Various revenues can be used or assigned to help support capital projects. The following revenues have been identified and shall be considered for capital projects, further certain revenues shall be noted in the annual appropriation resolution:

- Recreation Fee from the Caney Creek Marina and Riley Creek Campground to be used for recreation related capital asset activities and matching capital assets grants.
- Certain capital assets will have respective grant revenues
- Proceeds from debt issued
- Excess fund balance of other funds which may accumulated over time
- Any other revenue which may be identified at any point in time

5. Accounting plan establishing and maintaining creditability for capital management

Roane County shall establish a permanent General Capital Project Fund 171 in order to account and plan for the procurement and/or construction of medium and large Capital assets. General Capital Project Fund 171 shall be divided into sub funds in order to maintain accounting integrity and assist in scheduling and planning capital projects.

- Establishment of a BAL account to receive annual property tax for funding new projects (assets) and replacement schedule assets (i.e. vehicles) with the annual revenue being distributed to various sub fund annually as recommended by the Budget Committee.
- Shifting of Debt Service Revenues (Property Tax) to Capital Projects Funds. Debt Service Funds are adequately funded and annual Debt Fund payment are declining as debt is being paid off. This practice allowing a more level tax rate when adoption of Debt and Capital Tax Rates. Example would be General Debt Tax of \$0.14 and Capital Tax of \$0.05 equaling a total of \$0.19. The debt could be reduced \$0.05 increasing the Capital fund by \$0.05. Total taxes for Debt and Capital would remain the same of \$0.19. (must still comply with debt policy).
- Projects established as of the 2022 Budget:
 - DEC Tennessee Department of Environment & Conservation -ARP funds
 - HEA Health Department ARP from State

General Capital Projects Fund 171-subfunds are added and closed periodically overtime.

- AMB Specifically for the purchases of Ambulances and for facility improvements
- ARP Investments of American Recue Fund

- BAL Receive property tax revenue to be distributed to other sub funds and to account for data processing investment in Financial Management Software
- BRT Bacon Ridge Trail
- CCC Specifically for purchases or projects related to the convenience centers, (i.e. compactors, concrete pads, sheds covering compactors)
- CHJ Specifically for major projects at the courthouse or jail
- CIF Specifically for contributions to other organizations to help in infrastructure needs
- DEC TN Department of Environment & Conservation ARP Funds
- HEA Health Department ARP Funds from State of TN
- IND Specifically for capital projects performed within the three Industrial Parks. Grant funding from the State or Federal Government, property tax and Contributions from the Industrial Development help fund these projects
- NRT State or Federal Grants provide the funding for ramps along the rivers of Roane County
- OES Specifically for assets and capital projects for the Office of Emergency Services
- OFI Specifically for other facility infrastructures. This would include the Animal Shelter, Juvenile
 Office, and UT Ag Building
- RAD Will account for the purchase of emergency radios for the county wide emergency departments
- RCC Will be used for the infrastructure needs of the Roane County Riley Creek Campground
- RCY Specifically for projects relating to the Recycling Center located in Midtown
- REC Specifically for projects needed at Roane County Parks
- SPC Specifically for projects near the Swan Pond Sports Complex
- VEH Specifically for vehicles for the Sheriff's department as well as other offices in need of vehicles
- VOT accounts for the funding of new voting machines. The State may fund a portion of the purchase and if true then what funds are not needed will be returned to the BAL sub fund to be appropriated for other projects

For Highway Capital Project Fund 176

- BRG Support for the County's 93 Bridges
- CCB Specifically for the Caney Creek Bridge
- EQP Equipment replacement
- RXR Accounts for the rail road crossing signs that the cost will be shared with the State

For the Education Capital Project Fund 177

- 71M used to account for the Construction of the Oliver Springs and Midway Sewer Projects
- BUS (5) five buses are purchased and surplussed each year and paid out of this fund
- EIP Educational Investment Plan saving for Consolidation Projects
- MNT Maintenance of all the Roane County Schools and School Board Building

- RRF Maintenance of all the roofs in the school system
- SEC used for the security projects throughout the schools
- UNA unallocated funds are held in this subfund

Sub funds are used to account for either reoccurring or specific one-time projects and can be opened and closed with approval of the County Legislative Body.

Attachment A

Highway and Education Thresholds for Capital Planning

Highway Capital Threshold and Discussion

Capital items in the Highway Fund consist mainly of vehicles, equipment, and road improvements (hot mix asphalt and bridges). Even though Road improvement are considered major capital assets, Roane County has over 99.6% of all roads paved which would mean that most road improvements would fall under maintenance or scheduled replacement assets (Attachment B) in the operating fund.

It would be anticipated that any future local revenue contribution for highways should be allocated to the Highway Capital Project Fund 176; thereby, prohibiting future required maintenance of effort (TCA 67-3-901).

Education Capital Threshold and Discussion

Many capital items in the education department are considered replacement scheduled assets (Attachment B) such as (vehicles, computer, furniture and equipment); further, the Basic Education Program (BEP) funding formula earns capital outlay funding (BEP formula will not be used subsequent to 2023). The earnings by the formula come from both state and local revenue. These earnings are generated for the estimated construction cost of new facilities and a related estimated debt repayment schedule associated with the new facilities. Roane County has not requested the schools to pay for their own debt thereby freeing these funds up for other use.

The Board of Education has set aside a percentage of their capital earnings for replacement of HVAC, roofs and similar type of large ticket expenditures; thereby, not requesting the county to fund these expenditures with debt.

Attachment B

Date: November 2010

Position Statement: Purchase of Replacement Scheduled Capital Assets:

Goal: To continue the process of migrating into a Capital Projects and Debt Management Plan/Policy by beginning to purchase certain replacement scheduled capital assets without borrowing.

Objective: To purchase replacement scheduled assets such as computers, vehicles and certain capital assets that are not large ticket items without borrowing

Our office is in the process of developing a Capital Projects Plan/Policy and Debt Management Plan/Policy, but in the interim we must start the process by focusing on immediate issues that eventually will be encompassed in the overall program under development. As we formulate our Capital Projects and Debt Management Plans/Policies, we are taking a position on the county purchase of scheduled and replacement assets.

Items that would be considered scheduled replacement assets:

- 1. Computers
- 2. Radios
- 3. Sheriff's Patrol Cars
- 4. Ambulances
- 5. School Buses

Background:

- Computers/Radios: Roane County had historically purchased computers/radios from operations but
 within the last number of years began the program of issuing capital outlay notes for these assets. Some
 of these notes appear to be re-funded with longer term notes and as such, it is speculated that some debt
 could now exceed the asset's useful life. Our position is to no longer issue debt on computer and radio
 replacements and never issue debt for longer than an asset's useful life.
- Sheriff's patrol cars: The Sheriff's patrol cars have been purchased from operations, capital outlay notes, and in more recent years, on lease agreements. Our position is that lease agreements to purchase scheduled replacement assets should never be used and in reviewing the Roane County audit over a number of years, the imputed interest rates on leases have always exceeded the going interest rates on traditional loans available to county governments. Further, since a set number of Sheriff's patrol cars are replaced each year, the county should develop a financial position and policy that these assets are purchased either from operations or a capital fund and no debt be issued to purchase these assets.
- Ambulances: Ambulances have been purchased from both operations and capital outlay notes in the past. Since ambulances costs and service rates are set as a part of the Ambulance Operations Budget, sufficient funds should be available to purchase ambulances from operations or capital sub fund.
- School Buses: Changes to this practice of operating and financing school buses changed the reasoning, logic, and the need to purchase school buses by capital outlay notes. What changed was: (1) Harriman City School System became a part of the Roane County School System, and (2) a local Chancellor ruled that future issues of capital outlay note proceeds would have to be shared with a city school system. The financial and operational reasoning for capital outlay notes issued now does not exist.

Positions:

First: The least expensive of the above listed assets are computers and radios. Our position is that these replacement assets should be purchased from general operations without debt obligation.

Second: Scheduled vehicles that are purchased infrequently should have money set aside allowing the vehicles to be purchased without debt obligation either in the normal operating budget or in a capital budget.

Third: Large dollar amount purchased assets such as any group of Sheriff's patrol cars, ambulances, and school buses should have a replacement schedule and either be purchased from operating budgets or capital budgets. The revenue and expenses should be scheduled, thus no debt is issued for these assets.

Fourth: Our position is that any debt should not exceed an asset's useful life.

Fifth: Our position is that lease agreements for the purchase of assets should not be used.

Sixth: Our position is that we should work to stop the practice of "rolling debt".

The Problem - "Rolling Debt":

Roane County has been in the practice for a number of years of issuing debt for replacement scheduled assets. The County has been able to continue this practice by the informal practice of what I would refer to as "rolling debt". As debt is paid off more debt is issued for the same type or similar assets. Our position is that Roane County should take needed steps to stop the practice of "rolling debt".

The Solution:

The issue is how and when do we solve the "rolling debt" problem?

First, Sheriff's patrol cars will not be leased. Our office will propose the establishment of a capital projects subfund in December of 2010 or January of 2011 on vehicles. The county should use the property tax assigned to the General Capital Fund 171 (original tax in Fund 101) to purchase these vehicles. Our position is that no debt will be used to purchase/lease the Sheriff's patrol cars.

Second, the school fund balance generally, as the county develops a fund balance policy, would runs about one month of salaries which is between 7 % and 10% of the school general purpose budget. The schools are in a substantially better financial position than the County General Fund which continues to struggle for operations money but have and will take a financial position in managing proactively our capital debt operations.

Summary of Positions:

- 1. Replacement of computers and radios should be out of general operations and no debt issued.
- 2. Vehicles that are purchased infrequently should have money set aside for those purchases and no debt issued.
- 3. Sheriff's patrol cars, ambulances, and school buses should have replacement schedules and planned purchases out of operating or capital fund without debt issued.
- 4. Any debt should not exceed an asset's useful life.
- 5. Lease agreements for the purchase of assets should not be used.
- 6. The practice of "rolling debt" should be stopped.

Debt Policy

Goal/Mission: To provide management with appropriate guidelines and direction to assist in making sound debt management decisions. To further demonstrate strong financial management practices for our county citizens, outside investors, and credit agencies.

Objectives:

- 1. Provide a synopsis of the types of financing available to Roane County in order to promote understanding of the transaction and related cost and risk
- 2. Enhance decision making process transparency
- Identify all expenditures of principal, interest, and annual costs along with issue specific transaction costs
- 4. Address hiring outside professionals and any potential conflict of interest issues
- 5. Establish requirements and decision-making checklist for new debt (Section 5)

1. Synopsis of the Types of Financing Available for Roane County and Related Cost and Risk

All financing shall be approved by the Roane County Commission and the Tennessee Comptroller's Office within legal guidelines of Tennessee Law and regulations set forth by the comptroller's office.

Potential Financing Methods:

- Tax/Revenue Anticipation Notes Used for cash flow purposes until annual revenues are received for a particular fund. All borrowing is required to be fully paid back by the end of the current fiscal year. Tax/Revenue Anticipation Notes shall be used on a limited basis and if the need arises it is the county's intent to have sufficient funds available with the Trustee to meet these cash flow needs with internal borrowing from the County Trustee or among individual funds.
 - Generally, for funds operating on property tax or other revenue that is not received on a monthly basis.

- Interest risk would be low since term of notes would be less than one year and interest would be paid back to the county
- Lease Agreements- Not anticipated to be used.
- **Grant Revenue Anticipation Notes (GRAN)** Used when a fund does not have significant cash available to maintain a positive cash balance until a reimbursable grant can be received. Due to the cumbersome nature of GRAN, Roane County may decide to use Capital Outlay Notes in lieu of Grant Revenue Anticipation Notes
- Capital Outlay Notes- Used for capital borrowings which are 12 years or less in duration. Additionally, these can be funded internally (borrowing from the Trustee or individual fund) or funded by a bank financial institution as first choice. If borrowing would be from a non-bank financial institution, then it would be treated in this policy the same as a Long-Term Loan or Bond. Generally, Roane County's Capital Outlay Notes will be less than \$1,000,000. Capital Outlay Notes duration cannot exceed the asset's life expectancy. It is the intent of Roane County not to borrow for a dollar amount less than \$400,000. The County should be able through a capital project plan to pay for these projects with cash. Roane County's Capital Outlay Notes would generally be used for borrowing between \$400,000 and \$1,000,000. Capital Outlay Notes generally would be issued for medium capital assets as noted in the Capital Asset Policy.
 - External cost of borrowing (excluding interest rate) should be zero since debt would be issued through internal borrowing or with a bank financial institution.
 - Interest risk and thus interest rate would be low since time of indebtedness would be relatively short; typically, five (5) to ten (10) years or less and could be paid back to the Trustee.
- Long Term Loans and Bonds- Long term loans and bonds are generally used for indebtedness which would exceed 12 years for repayment and in a dollar amount greater than \$1,000,000. These loans, situation dependent, could be as be low as \$400,000. Funds may be borrowed from the private sector, federal or state agency loan programs. In cases of loans or bonds the county will be provided specific legal debt resolutions which shall be approved by the county legislative body. In certain cases, legal and bond counsel may be hired. Information within this policy gives guidance of disclosing the cost of these services and address any potential conflicts of interest. Long term loans and bonds would be anticipated on major capital assets as noted in the Capital Asset Policy.
 - External cost would be anticipated and fully disclosed on State Form CT- 0253
 (Attachment A) prior to the contract to secure the funding.
 - Interest risk and thus interest rate would be anticipated due to the length of the indebtedness.

• **Tax Increment Financing-**TIF is a financial tool that was created to assist blighted areas in acquiring funding by issuing bonds to be paid for from a specific economic district. This funding will theoretically come from the increased revenues generated from the revitalization of the area. Projects are generally to improve infrastructure.

TIF is also a method to use future gains in taxes to subsidize current improvements, which are projected to create the conditions for said gains.

Roane County shall only consider TIF on a limited basis. In most cases, Roane County would not consider TIF and TIF is generally considered prohibited; however, upon a thorough review and analysis of TIF, Roane County, with a 2/3 vote, as policy, will be required for approval of a TIF.

The reasons for prohibiting Tax Increment Financing are:

- Cost of administration is relatively high
- o Risk of an unsuccessful project is often high
- Often Tax Incremental Financing reflects a backloaded debt
- Success of an investment in a project which could be funded by Tax Increment Financing would also be successful with regular original financing

2. Enhance transparency of decisions by way of an Annual Debt Report, Annual Budgets, and New Debt Issuance Report-as needed

Responsibilities for analysis and reporting shall be with the County Executive and the Director of Accounts and Budgets (DoAB).

To ensure transparency of decisions, the following documents shall be prepared and available for public review: annual debt reports, annual budgets, and new debt issuance reports.

The County Legislative Body may assign an ad hoc Debt Management Committee to review reports, study debt standards, and assess ability to repay debt, but in the absence of a Debt Management Committee these duties will rest with the Budget Committee.

The county shall comply with legal requirements for notice and for public meetings related to debt issuance.

This policy will be reviewed annually at a minimum to ensure adequacy and ability to meet requirements set forth by the County Legislative Body and the State Comptroller's Office.

Annual Debt Report

An annual debt report shall be submitted to the county legislative body by June of each year, generally the report will be presented with the annual debt budget.

The annual report shall contain at a minimum:

- Multi-year annual budgets extending to the length of the longest issue. Graphical representation of: estimated revenue, expenditures, and fund balances each year.
- Net Debt Calculation (total principal outstanding less most recent year respective debt fund balance).
- Calculation of net debt per capita (net debt/population).
- Calculation of net debt as a percentage of estimated assessed value of taxable property (net debt/assessed property value).
- Ratio of debt service expenditures as a percentage of governmental fund expenditures Funds 101-156. (Calculated as total budget expenditures of funds 151,152,156 divided by total budget expenditures of funds 101 through 156).
- Net debt per capita as a percentage of income per capita (per capita income/net debt per capita).
- All calculations and ratios shall be compared to benchmark as stated within this policy.
- Documentation of the most recent debt rating as available.
- Reports will reflect estimated fund balances which shall comply with a fund balance policy or specific explanation of variances. Fund Balance policy approved through a separate policy and resolution.
- Percentage of fixed verses variable rate debt.

Annual Debt Budgets

Annual Debt Budgets shall be adopted by the county legislative body and comply with legal notice and filings requirements for county budgets TCA 5-12.

New Debt Issuance report

A new debt issuance report shall be prepared before consideration of new debt. Details of the new debt issuance report are noted in the following section 3 of this policy.

3. Cost of Debt- Principal, Interest, Annual Management Cost, and New Issuance Cost

In order to assist the county in making better short- and long-term debt decisions and to reflect the cost of debt Roane County shall:

For internal borrowing:

- Prepare at minimum a **New Debt Issuance Report** for loans that have no interest risk or are obtained through internal borrowing which shall include:
 - Approval of the County Legislative Body by resolution.
 - Cash Flow "pro forma"
 - o Approval of the Director of State and Local Finance in the State Comptroller's Office.

For external borrowing:

All of the requirements for internal borrowing apply as well as:

- Prepare a multi-year budget of the current debt cost of principal, interest and estimated annual
 cost over the life of the existing debt. Create a graph of the multi-year budget. This graph will allow
 the county to determine if extra capacity exists to issue new debt, what the capacity may be or if a
 revenue shortage is anticipated.
- Prepare a **New Debt Issuance Report** for loans that have interest risk and require additional revenue for support or are obtained through external borrowing which shall include at minimum:
 - Straight line amortization repayment schedule of the proposed new debt.
 - Comparison of Straight-line amortization repayment schedule to any other proposed repayment schedule to determine if the alternative repayment schedule provides for

- advanced payment of principal or back loaded payment of principal. Comparison shall reflect the difference in interest cost.
- Any new debt cost of principal, interest and annual cost as if the debt exists by itself. This shall be an annual budget of the new debt by itself.
- This cost shall be graphed as a cost by itself and reflect the estimated tax needed to support the debt as if no other revenue or debt existed.
- The new debt annual budget proposed with the existing multi-year annual budget; thereby, determining the need for additional revenue to support the new proposed debt.
- o Reflect new ratios as noted in the Annual Debt Report (income/debt per capita)
- Ensure that State Form CT- 0253 is complete for new issues.

Cost of Issuance of New Debt

Roane County shall:

- Complete or have completed by external party State Form CT-0253 in order to compare the cost for issuance of debt prior to contracting for funding.
- Compare at least two proposals of issuance cost and estimated interest rate cost.

4. Hiring Professional Assistance and Conflict of Interest Issues

Roane County shall:

- From time to time hire legal counsel, a financial advisor or underwriter to assist in the issuance of debt.
- Ensure that all professionals hired to assist in the issuance of debt are fully certified by the appropriate body within their respective field and fully insured and bonded.
- Require all professionals to disclose the estimated cost to the county of their respective services
 including "soft" costs or compensations in lieu of direct payments.

- Require the advisor to disclose all relationships (fees and payments) to any other transaction participant including "soft" costs or compensations in lieu of direct payments.
- Require all professionals to enter into an engagement letter related to their proposed services, cost, and disclose any potential conflict of interest.
- Understand that Roane County bears sole responsibility for the development, adoption, and implementation of this policy, even when using professional assistance.
- Ensure that any legal or financial advisor may not privately bid on an issue for which they are, or have been, providing advisory services for the issuance.

5. Establish Requirements and Decision-Making Checklist for New Debt or Refinancing of Current Debt

Certain requirements must be met prior to the issuance of new debt. The requirements used as a checklist prior to issuing additional debt are as follows:

- Annual Debt Report completed on existing debt. Section 2
- Specific Issue Report which reflects the impact on the multi-year budget, if any, with the new debt.
 Section 3
- Borrowing only for assets in the current Capital Outlay Plan or in emergency situations.
- Borrowing for major assets as outlined in the Capital Project Policy.
- Borrowing for medium assets as outlined in the Capital Project Policy where the assets are for emergencies or in cases that have been noted for borrowed funds in the Capital Outlay Plan.
- Amortization schedule will not exceed the useful life of the asset.
- Amortization schedule uses the straight-line method of repayment or wrapping principal which
 does not exceed 3 years. Any other repayment schedule must be approved by the comptroller's
 office in writing and fully disclose the additional interest cost compared to straight-line repayment.
 Section 3

- Compare the proposed repayment schedule with the straight-line method noted whether the new debt has an advanced repayment schedule, straight-line or back loaded schedule. **Section 3**
- Compare at least two proposals of issuances cost and estimated interest rate cost.
- Leases can be used only in very limited cases and where there is an imputed interest rate, amount, and term of the lease which is stated on the face of the document.
- Consider variable debt in the county's overall debt management plan. The county recognizes that
 the Trustee has investments from month to month which earn interest. Roane County also
 understands that the Trustee's investment interest rates fluctuate over time and the interest rate
 earning and interest rate debt expense should move in concert; therefore, Roane County will
 calculate and project the available idle funds based on fund balances. Roane County will consider
 that variable debt for the same amount of the invested fund should not impact the percentage of
 variable verse fixed rate indebtedness.
- Consider having the variable rate debt equal to the Trustee's invested idle funds, at minimum.
- Consider having variable rate debt which would not exceed 30% of total indebtedness; however, Roane County will consider the current debt market and anticipated direction of future interest rates before selecting variable rate instruments.
- In the event of variable rate debt, Roane County shall set aside an amount above the variable rate to protect the county in the event of an upswing in interest rates. Roane County shall budget at least 3% above the variable rate on the initial issuance.
- In the case of refinancing, an analysis report shall be provided which fully explains the reasons for the refinancing and the net savings and costs of the refinancing which will include not only interest charges but also the fees associated with the transaction.
- Ensure that refinanced debt will not exceed the associated asset's useful life.
- Ensure that no debt is issued which engages in interest swap agreements or complex financing arrangements.
- Complete State Form CT- 0253 prior to a new issue reflecting a preliminary estimated cost of issuance.

• Ensure all legal requirements for notice and for public meetings related to debt issuance are followed.

Preparing a multi-year budget is considered the key element in gaining an understanding of how a proposed new debt issue impacts the annual budget. The multi-year budget will be the catalyst for decision making. Upon the development of the multi-year budget, a series of graphs will be presented allowing a better understanding of the county's ability to pay future obligations and review capacity or potential revenue shortage in future years.

6. Debt Tax and Capital Fund Tax-Balancing

It is the intent of Roane County to purchase assets out of Capital funds, when possible, without acquiring new debt. The process of managing the Debt Service Revenue and Capital Revenues together allows the tax rates to be more constant comparing the Debt Tax and Capital Tax. An example would be 2012 General Debt Tax of \$0.14 and Capital Tax of \$0.03 equaling a total tax of \$0.17. For 2013, if the Debt Tax could be reduced by \$0.04 (must still comply with the Debt Policy); the Capital Tax would be increased by \$0.04. The total taxes for Debt and Capital for 2012 to 2013 would remain the same at \$0.17.

By electing to balance the Debt and Capital Revenue with one another, the county is establishing a system in which we invest in purchasing Capital assets instead of borrowing for their purchase. We fully understand that the system will not always balance but we are committed to establish and work the plan and only take exceptions when fully discussed, disclosed, and approved by the County Legislative Body.

Bench Marks

Net Debt Per Capita: Total Debt of a County divided by County's population. Bench Mark as established by Roane County is a goal to have no more than \$800 (debt per capita) but to insure we do not exceed \$1,400.

Net Debt to Assessed Property Value (Net Debt/Assessed Property Value). **The overall net debt should not exceed 10% of assessed value.**

Ratio of Debt Expenditures to Total governmental expenditures (excludes capital and agencies funds). Calculated as total budget expenditures of funds 151, 152, 156 divided by total budget expenditures of funds 101-156. Ratio should not exceed 5%.

Debt as a Percentage of Personal Income (per capita income/net debt per capita). Ratio should not exceed 15%.

...And More Statistics

...AND MORE STATISTICS

We have added this section to our Budget Document in order to help facilitate a quick reference to frequently asked questions and/or statistical information.

Realizing that the information presented within is of a limited nature in contrast to the many questions that may be asked and the statistics that are available, our intention is to add and subtract from this statistical section each year as the need may arise.

It is not our intention, in this Budget Document, to present conclusions to the enclosed statistics, but only to present a medium in which vital statistics are readily available for further discussions, research, and study. This is in no way a substitute, but a supplement to other statistics found in Annual Audits, Tennessee Statistical Abstract, and many other private and governmental reports.

Our philosophy is that through the analysis of historical data, the performance of economic models and projections, coupled with management's stated objectives informed and educated decisions can be made. We hope that this. . . AND MORE STATISTICS section will assist in accomplishing our County's goals.
